Let us implement peace!

There must be two independent states, Palestine and Israel in pre-1967 borders.

Each of about 7 million citizens with independent legislatures.

Freedom of movement for all citizens of both nations.

All political prisoners to be immediately released, without charge.

Each state to have its own international airport plus international seaports and fishing rights on the eastern Mediterranean.

River Jordan to be controlled by a joint authority and access to water supplies apportioned equally. Electricity to be generated independently.

National defence exercises to be held jointly every 2 years.

No Labour permits required for each others’ nationals. Tax regimes to be separate.

No restrictions on intermarriage. All holy sites to be under binational joint jurisdiction.

There must be freedom of worship. Nuclear weapons and all WMD to be banned.

Israeli nuclear armed submarine fleet and all NBC weapons at Dimona Nuclear site, Tel Nof

Air Force Base 8, and elsewhere, to be destroyed under supervision of the UN's IAEA. There must be an immediate ban on the importation of offensive arms and weapons from the US, U.K. or any other party or state without joint approval by both legislatures.

Natural mineral deposits including fossil fuels to be split equally between two states.

In all other respects each state is entirely independent, politically and economically but must act in concert on all matters that jointly affect the security or economy of both states.

Both Palestine and Israel must respect and adhere to all resolutions of the UN General Assembly and/or Security Council within the times specified therein.
