We are now approximately four years removed from the unleashing of the covid so-called pandemic and the consequential measures adopted and enforced world-wide that created terror in the global populace, imposed unprecedented strictures, subverted foundational principles of medicine and foisted an unnecessary and dangerous inoculation upon a mostly unwitting public.

Some of us, at the very outset, upon hearing the mainstream messages of bat-inspired trans-species migration of a respiratory virus, suspected that things were amiss. The frenzied media, however, with their 'case' counts, death counts and fraudulent reporting about the actual lethality of the pathogen, were unstoppable and relentless, and I can forgive the many who began to shudder at this unexpected turn of events and who lined up for the dubious polymerase chain reaction 'test' and who, ultimately, placed every hope upon an emergency so-called vaccine, convinced as they were that our world was engulfed by an incomparable threat.

I have a harder time forgiving doctors who threw their senses and duties out the window, were unperturbed by the omission and suppression of attempts to treat and prevent the pathogen before hospitalization was required, abandoned informed consent, pushed the covid jab and regarded those who preferred to keep their minds and bodies and general health intact by not receiving the jab as a dangerous entity.

I frankly cannot forgive those physicians who, wielding considerable influence in establishment media, used this influence to sway their followers to accept something that has now been shown demonstrably and repetitively to be a health disaster.

Perhaps, however, under the unnerving full-court press of a rabid and unchecked propaganda campaign waged by once highly-regarded journalistic authorities, everyone can be forgiven for having, essentially, lost their wits. Perhaps.

But now, four years hence, as the general picture has clarified itself, anyone with a sentient eye or ear not wedded to mainstream pulp can conclude that there never was a genuine pandemic, there never was a need to lock and shut down the entire world, and there never was or will be a need to inject billions with a gene-altering concoction that has hurt and killed too many to pass muster as a real and viable vaccine.

We can further conclude that the preposterously tremendous control over people exhibited by the roll-out of the covid campaign, and the submission of people to the evisceration of their unalienable rights — *these were not organically evolved developments, but consequences of a highly orchestrated deployment of power.*

In short, all things covid was a strategically planned operation — a war-crime — the likes of which are unprecedented, and the consequence of which is to move the world towards some kind of autocratic fiefdom wherein we ‘little people’ surviving the first waves of the onslaught will be subjugated to the whims and directives of The Few.

I don’t care how many X followers one may have, or how many Sierpinski triangles one may conjure, how many high-profile interviews one has done, how many conferences one has attended, how many grants one has received, or how many plaudits one has obtained from our freedom-loving community: unless one can see the line and step across it, I regard you as an Enemy.

What line? The line that separates those who understand the concerted efforts of a Global Cabal to inflict the covid mess upon us for purposes of control, versus those who assert that this mess was essentially the result of unfortunate circumstances complicated by greed, incompetence, opportunism, corruption, human error and the like. To espouse the latter is untruthful and enervating: it takes the life out of our tenuously cobbled opposition and plays into our opposition’s hands.

Pick a side. To deny that the genocide visited upon us has been deliberately perpetrated, regardless of what you may invoke in the way of prudence, reason and thoughtful consideration, is to join the ranks of its perpetrators.

Pick a side, the line is clear, and time is short.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. –Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the

deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. –Edward Curtin
