Author's Note

In the wake of the Wednesday January 6, 2021 Capitol Hill Event, we must reflect on what a Joe Biden Administration will look like.

Joe Biden was not duly elected, he was selected. He is a groomed and “reliable” politician. He is a political instrument of the global capitalist establishment.

Biden is a firm supporter of the Corona lockdown. His statements concerning a “Dark Winter” in 2021 confirm that he not only endorses the adoption of staunch Covid-19 lockdown policies, his administration will pursue and adopt the World Economic Forum’s “Great Reset” as an integral part of US foreign policy, to be implemented or more correctly “imposed” Worldwide.

In turn, the Biden-Harris administration will attempt to override all forms of popular resistance to the corona virus lockdown.

We are at the crossroads of one of the most serious crises in World history. We are living history, yet our understanding of the sequence of events since January 2020 has been blurred.

What is unfolding is a new and destructive phase of US imperialism. It’s a totalitarian project of economic and social engineering, which ultimately destroys people’s lives Worldwide.

This “novel” neoliberal agenda using the corona lockdown as an instrument of social oppression has been endorsed by the leadership of the Democratic Party.

The Biden White House will be used to instate what David Rockefeller called “Global Governance”, which is tantamount to a Worldwide “democratic dictatorship”.

It should be noted that the protest movement in the US, against the lockdown is weak. In fact there is no coherent grassroots national protest movement. Why? Because “progressive forces” including leftist intellectuals, NGO leaders, trade union and labor leaders, most of which are aligned with the Democratic Party have from the outset been supportive of the lockdown. And they are also supportive of Joe Biden.

In a bitter irony, antiwar activists as well as the critics of neoliberalism have endorsed Joe Biden, who is now being accused by Trump supporters of being a “socialist”.

The following text is an excerpt from the concluding chapter of my E-Book: entitled.

"Elected President" Joe Biden is a groomed politician, a trusted proxy, serving the interests of the financial establishment.

Let's not forget that Joe Biden was a firm supporter of the Invasion of Iraq on the grounds that Saddam Hussein "had weapons of mass destruction". "The American People were deceived into this war", said [Senator Dick Durbin](#). Do not let yourself be deceived again by Joe Biden.

Evolving acronyms. 9/11, GWOT, WMD and now COVID: Biden was rewarded for having supported the invasion of Iraq.

Fox News describes him as a "socialist" who threatens capitalism: "Joe Biden's disturbing connection to the socialist 'Great Reset' movement". While this is absolute nonsense, many "progressives" and anti-war activists have endorsed Joe Biden without analyzing the broader consequences of a Biden presidency.

The Great Reset is socially divisive, it's racist. It is a diabolical project of Global Capitalism. It constitutes a threat to the large majority of Americans workers as well as to small and medium sized enterprises. A Biden-Harris administration actively involved in carrying out the "Great Reset" is a threat to humanity.

With regard to Covid, Biden is firmly committed to the "Second Wave", i.e. maintaining the partial closing down of both the US economy and the global economy as a means to "combating the killer virus".

Joe Biden will push for the adoption of the WEF's "Great Reset" both nationally and internationally, with devastating economic and social consequences. The 2021 World Economic Forum (WEF) scheduled for Summer 2021 will focus on the implementation of the "Great Reset".

A Joe Biden administration would actively pursue Big Money's totalitarian blueprint: The Great Reset.

Unless there is significant protest and organized resistance, nationally and internationally, the Great Reset will be embedded in both domestic and US foreign policy agendas of the Joe Biden-Kamala Harris administration.

It's what you call Imperialism with a "Human Face".

Moreover, many so-called "progressive voices" have endorsed Joe Biden.

Where is the Protest Movement against this Unelected Corona "public-private partnership"?

The same philanthropic foundations (Rockefeller, Ford, Soros, et al) which are the unspoken architects of the "Great Reset" and "Global Governance" are also involved in (generously) financing Climate Change activism, the Extinction Rebellion, the World Social Forum, Black Lives Matters, LGBT, et al.

It's what you call "manufactured dissent" (far more insidious than Herman-Chomsky's "manufactured consent").

The objective of the financial elites "has been to fragment the people's movement into a vast "do it yourself" mosaic. Activism tends to be piecemeal. There is no integrated anti-globalization anti-war movement." (Michel Chossudovsky, [Manufacturing Dissent](#), Global Research, 2010)

In the words, McGeorge Bundy, president of the Ford Foundation (1966-1979):

"Everything the [Ford] Foundation did could be regarded as "making the World safe for capitalism", reducing social tensions by helping to comfort the afflicted, provide safety valves for the angry, and improve the functioning of government

The Protest movement against this "Global Coup d'état" requires a process of Worldwide mobilization:

."There can be no meaningful mass movement when dissent is generously funded by those same corporate interests [WEF, Gates, Ford, et al] which are the target of the protest movement".

The Road Ahead

More than 7 billion people Worldwide are directly or indirectly affected by the corona crisis.

What is required is the development of a broad based grassroots network which confronts both the architects of this crisis as well as the national and regional governments (States, provinces) involved in carrying out the lockdown and closure of economic activity as a means to combating "V the Virus". The legitimacy of politicians and their powerful corporate sponsors must be questioned, including the police state measures adopted to enforce the various policies. (Face masks, social distancing, public gatherings, etc.)

This network would be established (nationally and internationally) at all levels of society, in towns and villages, work places, parishes. Trade unions, farmers organizations, professional

associations, business associations, student unions, veterans associations, church groups would be called upon to integrate this movement.

The first task would be to disable the fear campaign and media disinformation as well put an end to Big Pharma's Covid vaccination programme.

The corporate media would be directly challenged, without specifically targeting mainstream journalists, many of whom have been instructed to abide by the official narrative. This endeavour would require a parallel process at the grassroots level, of sensitizing and educating fellow citizens on the nature of virus, the PCR test, the impacts of the lockdown, the face mask and social distancing.

"Spreading the word" through social media and independent online media outlets will be undertaken bearing in mind that Google as well as Facebook are instruments of censorship.

The creation of such a movement, which forcefully challenges the legitimacy of the financial elites as well as the structures of political authority at the national level, is no easy task. It will require a degree of solidarity, unity and commitment unparalleled in World history.

It will also require breaking down political and ideological barriers within society (i.e. between political parties) and acting with a single voice. We must also understand that the "corona project" is an integral part of the U.S. imperial agenda. It has geopolitical and strategic implications. It will also require eventually unseating the architects of this diabolical "pandemic" and indicting them for crimes against humanity.
