The US military by the admission of Secretary of State John Kerry is for sale and can do the bidding of any state willing to pay the cost for any military adventure even if such military action constitutes war crimes.

“The US regime” is nothing but a war criminal regime.

This shameless government accuses others of committing crimes, but the US is the first country to use nuclear weapons, raining death and destruction on innocent lives in Hiroshima and Nagasaki.

In Vietnam, the deployment of Agent Orange killed hundreds of thousands of innocent lives and created an environmental disaster for which Vietnam is still suffering.

Then there is the use of depleted uranium weapons in Iraq.

Where will it end?

The US, supposedly a “democracy” is a renegade country. It commits genocide with impunity.

American citizens cannot deny their collective responsibility because throughout the above mentioned wars, they have through their elected representatives in Congress and in the Senate approved and condoned the wanton slaughter of the innocent.

Secretary of State John Kerry said Arab countries have offered to pay for a full invasion of Syria to oust President Bashar Assad.

“With respect to Arab countries offering to bear costs and to assess, the answer is profoundly yes,” Kerry told the House Foreign Relations Committee during a hearing Wednesday, [according to The Washington Post](#). “They have. That offer is on the table.”

Kerry told Rep. Ileana Ros-Lehtinen (R-Fla.) that Arab countries are willing to put up the full cost.

“In fact, some of them have said that if the United States is prepared to go do the whole thing the way we’ve done it previously in other places, they’ll carry that cost,” Kerry said.

“That’s how dedicated they are at this. That’s not in the cards, and nobody’s talking about it, but they’re talking in serious ways about getting this done.”

“We’ve done it previously”. Where: Korea, Vietnam, Afghanistan, Iraq. That is the model of US intervention.
