After comments made by a *New Yorker* journalist about Vice President Dick Cheney's alleged involvement in a "**executive assassination ring**" abroad, Rep. Dennis Kucinich (D-OH) called Monday for a formal congressional probe.

Kucinich's call was concomitant with a letter he sent to House Oversight Chairman Edolphus Towns.

Describing the allegation, Kucinich writes, "**Mr. Hersh made the allegation before an audience at the University of Minnesota on Tuesday, March 10, 2009**" in which "**he stated, 'Under President Bush's authority, they've been going into countries, not talking to the ambassador or the CIA station chief, and finding people on a list and executing them and leaving. It is a special wing of our special operations community that is set up independently. They do not report to anybody, except in the Bush-Cheney days, they reported directly to the Cheney office... Congress has no oversight of it.'**"

Hersh's claim is [detailed here in an earlier piece by Raw Story](#).

"If true, these operations violate longstanding U.S. policy regarding covert actions and illegally bypass Congressional oversight," Kucinich adds. **"Hersh is within a year or more of releasing a book that is said to include evidence of this allegation. However, we cannot wait a year or more to establish the truth."**

The 62-year-old lawmaker and former Democratic presidential candidate is known for his bold and liberal moves. In April 2007, he filed an impeachment resolution against Vice President Cheney over manipulating evidence about Iraq's weapons program prior to the US invasion. The measure was blocked by the Democratic leadership. He also presented articles of impeachment against [President George W. Bush](#) in June 2008, but that effort again went nowhere.

Hersh, the *New Yorker* journalist who made the claim, also revealed US preparations for a possible Iran strike that was later sidelined, and is also known for revealing the My Lai massacre during Vietnam.

March 13, 2009

The Honorable Edolphus Towns
Chairman
Committee on Oversight and Government Reform
U.S. House of Representatives
2157 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Towns:

As you may already be aware, recent media reports indicate that investigative reporter, Seymour Hersh, while answering questions before a public audience at the University of Minnesota divulged information about what he calls an “**executive assassination ring**” operating under the George W. Bush Administration.

If substantiated, the allegation would have far reaching implications for the United States. Such an assertion from someone of Hersh’s credibility that has a long and proven track record of dependability on these issues merits attention. Mr. Hersh is within a year or more of releasing a book that is said to include evidence of this allegation. However, we cannot wait a year or more to establish the truth. As such, I request that the Full Committee immediately begin an investigation to determine the facts in this matter.

Mr. Hersh made the allegation before an audience at the University of Minnesota on Tuesday, March 10, 2009. He stated, “**Under President Bush’s authority, they’ve been going into countries, not talking to the ambassador or the CIA station chief, and finding people on a list and executing them and leaving.**”

Mr. Hersh continued, “**It is a special wing of our special operations community that is set up independently,” he explained. “They do not report to anybody, except in the Bush-Cheney days, they reported directly to the Cheney office. . .Congress has no oversight of it.”**

If true, these operations violate longstanding U.S. policy regarding covert actions and illegally bypass Congressional oversight. Current statute governing covert action (50 U.S.C. 413b) requires a presidential finding and notification to the appropriate congressional committees. Additionally, Executive Order 12333 clearly states that “**No person employed by or acting on behalf of the United States Government shall engage in or conspire to engage in assassination.**”

I urge the Committee to explore Mr. Hersh’s allegation. Please do not hesitate to call on me or my staff if we can be of assistance.

Sincerely,
Dennis J. Kucinich
Member of Congress
