Il 25 aprile è una data importante nella storia dell'Italia. Commemora il 75 ° anniversario di Liberazione, che è anche l'anniversario della resistenza.

L'anno scorso ci siamo incontrati a Firenze il 7 aprile, in coincidenza con il 70 ° anniversario della fondazione della NATO.

Il tema della nostra conferenza dell'anno scorso era USCITA NATO. NATO EXIT

L'evento è stato organizzato dal Comitato italiano No Guerra, No NATO, in collaborazione con il Centre for Research on Globalization (CRG).

La Dichiarazione di Firenze è stata redatta dal Comitato italiano e dal CRG.

Il 25 aprile 2020, commemorando la liberazione dell'Italia. Esprimiamo la nostra solidarietà al popolo italiano. Allo stesso tempo, esprimiamo la nostra preoccupazione per le basi militari statunitensi stabilite in Italia, immediatamente istituite dopo la seconda guerra mondiale.

Dobbiamo riflettere sulla nostra storia. Era una liberazione o un'occupazione?

L'Unione europea è militarizzata. Il Pentagono è attivamente coinvolto sotto bandiera della NATO in Europa occidentale e orientale.

L'Italia come molti altri paesi sta attualmente attraversando una grave crisi. Quest'anno, il

25 aprile, che commemora la liberazione dell'Italia, non siamo in grado di incontrarci a Firenze per discutere e discutere della "crisi del coronavirus" che sta colpendo milioni di persone in tutto il mondo.

On April 25, 2020, Commemorating the Liberation of Italy. We express our solidarity with the people of Italy. At the same time we express our concern regarding the US military bases established in Italy immediately established after World WarII.

We must reflect on our history. Was it a Liberation or an Occupation?

The European Union is militarized. The Pentagon is actively involved under banner of NATO in both Western and Eastern Europe.

Italy like many other countries is currently experiencing a major crisis. This year on the 25th of April which commemorates Italy's Liberation, we are not able to meet in Firenze to debate and discuss the "coronavirus crisis" which is affecting millions of people Worldwide.

Questa crisi è un atto di guerra economica

C'è una grave crisi sanitaria che deve essere debitamente risolta. E questa è una priorità numero uno.

Ma c'è un'altra dimensione importante che deve essere affrontata.

Milioni di persone hanno perso il lavoro e i risparmi. Nei paesi in via di sviluppo prevalgono la povertà e la disperazione.

Mentre il blocco viene presentato all'opinione pubblica come unico mezzo per risolvere una crisi globale di salute pubblica, i suoi devastanti impatti economici e sociali vengono casualmente ignorati.

La verità non detta è che il romanzo coronavirus fornisce un pretesto a potenti interessi finanziari e politici corrotti per far precipitare il mondo intero in una spirale di disoccupazione di massa, bancarotta e povertà estrema.

L'anno scorso ci siamo incontrati a Firenze. Quest'anno a partire dalle 15:00 CET, 9:00 (EST), trasmetteremo online in diverse lingue.

This crisis is an act of economic warfare

There is a serious health crisis which must be duly resolved. And this is a number one priority.

But there is another important dimension which has to be addressed.

Millions of people have lost their jobs, and their savings. In developing countries, poverty and despair prevail.

While the lockdown is presented to public opinion as the sole means to resolving a global public health crisis, its devastating economic and social impacts are casually ignored.

The unspoken truth is that the novel coronavirus provides a pretext to powerful financial interests and corrupt politicians to precipitate the entire World into a spiral of mass unemployment, bankruptcy and extreme poverty.

Last year we met in Florence. This year starting at 3pm CET, 9am (EST) we will be broadcasting online in several languages.

Below is the text of Florence Declaration

Text of The Florence Declaration

Adopted by more than 600 participants to the Florence No War No NATO Conference, April 7, 2019.

Original in Italian. Translations into English, French, Russian, Spanish. The debates and discussions were chaired by renowned author and geographer Manlio Dinucci.

The event was organized by Italy's Comitato No Guerra, No NATO, in collaboration with the Centre for Research on Globalization (CRG). The Florence Declaration was drafted by Italy's Comitato and the CRG.

The risk of a vast war which, with the use of nuclear weapons, could mean the end of Humanity, is real and growing, even though it is not noticed by the general public, which is maintained in the ignorance of this imminent danger.

A strong engagement to find a way out of the war system is of vital importance. This

raises the question of the affiliation of Italy and other European countries with NATO.

NATO is not an Alliance. It is an organisation under the command of the Pentagon, and its objective is the military control of Western and Eastern Europe.

US bases in the member countries of NATO serve to occupy these countries, by maintaining a permanent military presence which enables Washington to influence and control their policies and prevent genuine democratic choices.

NATO is a war machine which works for the interests of the United States, with the complicity of the major European power groups, staining itself with crimes against humanity.

The war of aggression waged by NATO in 1999 against Yugoslavia paved the way for the globalization of military interventions, with wars against Afghanistan, Libya, Syria and other countries, in complete violation of international law.

These wars are financed by the member countries, whose military budgets are increasing continually to the detriment of social expenditure, in order to support colossal military programmes like that of the US nuclear programme which costs 1,200 billion dollars.

In violation of the Non-Proliferation Treaty, the USA is deploying nuclear weapons in five non-nuclear NATO States, under the false pretext of the "Russian menace". By doing so, they are risking the security of Europe.

To exit the war system which is causing more and more damage and exposing us to increasing dangers, we must leave NATO, affirming our rights as sovereign and neutral States.

In this way, it becomes possible to contribute to the dismantling of NATO and all other military alliances, to the reconfiguration of the structures of the whole European region, to the formation of a multipolar world where the aspirations of the People for liberty and social justice may be realised.

We propose the creation of a NATO EXIT International Front in all NATO member countries , by building an organisational network at a basic level strong enough to support the very difficult struggle we must face in order to attain this objective, which is vital for our future.
