Matt Roeske from [CultivateElevate.com](#), who has been prolific in putting out Instagram posts regarding information on Nikola Tesla technology, EMF dangers, electroculture, Tartaria, and more, has now been nailing it around the horrific Lahaina attack —because that is what it was — an attack. It becomes more apparent day by day.

In addition to Roeske's citizen journalism, another internet super-sleuth on TikTok recently uncovered satellite images of the Lahaina devastation that demonstrate "fingerprints" that can only be attributed to [DEW](#).

How else could Lahaina be covered in these large, nearly identical in size, charred pinpoints on the ground?

Undoubtedly, the smoke and chaos were a cover for the advanced weaponry.

Satellite images of Lahaina attack. Note red arrows pointing to the large, nearly identical in size, charred pinpoints across surfaces.

A Tiktoker points out in a satellite image of Lahaina post-event nearly identical charred pinpoints throughout Lahaina.

Was arson involved in the Lahaina fires? Yes.

Is the power company culpable? Yes. Maui officials?

Yes..... the long list goes on.

But now we have clear, definitive evidence that DEWs played a massive role in obliterating the sacred land of Lahaina and its people.

Miles of “dust fence” below surround the crime scene of Lahaina. I saw this in other attempts to keep the public out of the area of “natural disaster” areas.
