Globally, we are seeing a massive campaign of disinformation on the main stream media that sets aside all the principles of a democratic state governed by the rule of law.

While a great number of colleagues doctors present with different views, unprecedented censorship prevents them from making the news.

Information from different thinking experts and professionals can currently be found almost exclusively through targeted searches on the internet or alternative news sources, but not in the mainstream media.

The Netherlands

In the Netherlands, doctors have come together and drafted an open letter addressed to colleagues and the government pleading for proportional measures. This letter aims to stimulate an open and frank debate on how to tackle the Covid-19 outbreak and was signed by more than 800 doctors. [The petition](#) has been stopped by now.

And an open, sharp-worded [letter](#), written by doctors and mental health care providers, that has already been signed by more than 2500 healthcare professionals.

United States

In the US, a group of doctors in the field, who see patients on a daily basis, united in “America’s Frontline Doctors” and gave a press conference which has now been watched millions of times. A must see. See [this](#) and [this](#).

Spain

A public press conference of “Doctors for Truth” in Madrid, attended by some 400 doctors and scientists under the slogan “A world dictatorship with a sanitary excuse”. See [this](#).

Germany

An international group of doctors has launched an extra-parliamentary enquiry into the “exaggerated and oppressive corona measures”, with a view to questioning politicians and scientists around the world. See [this](#).

International

The initiative by Luc Montagnier, Nobel Prize winner in medicine, and Robert F. Kennedy,

lawyer, among others, addresses the many inconsistencies surrounding corona policy and is addressed to the presidents of the WHO, the European Commission and the European Parliament. See [this](#).

Belgium

A Belgian initiative, which has already been signed by more than 900 doctors and health professionals (3 september 2020). See [this](#).

An open letter on the initiative of a group of doctors from the Cliniques Universitaires St-Luc, UCLouvain, which can be signed by anyone. See [this](#).
