Turkey Busted for False Flag Terror

Pulitzer-prize winning investigative reporter Seymour Hersh (who uncovered the Iraq prison torture scandal and the Mai Lai massacre in Vietnam) [says](#) that high-level American sources tell him that the [Turkish government](#) carried out the chemical weapons attacks blamed on the Syrian government.

Indeed, it's long been known that sarin was [coming through Turkey](#).

Turkey is a [member](#) of NATO. So we're really talking about a *NATO member* launching a false flag attack against a non-NATO member, and then blaming it on the victim.

Indeed, a *new* tape recording of top Turkish officials planning a false flag attack to be blamed on Syria as a *cassus belli* was just [leaked a couple of weeks ago](#), and confirmed by Turkey as being authentic.

In other words, since the last big Turkish false flag didn't succeed in launching war against Syria, they're going to try again.

This is not the first false flag by NATO members. For example:

- The former Italian Prime Minister, an Italian judge, and the [former head of Italian counterintelligence](#) admit that [NATO, with the help of the Pentagon and CIA, carried out terror bombings in Italy and other European countries in the 1950s and blamed the communists, in order to rally people's support for their governments in Europe in their fight against communism](#). As one participant in this formerly-secret program stated: ["You had to attack civilians, people, women, children, innocent people, unknown people far removed from any political game. The reason was quite simple. They were supposed to force these people, the Italian public, to turn to the state to ask for greater security"](#) (and see [this](#)) (Italy and other European countries subject to the terror campaign had joined NATO before the bombings occurred). And watch [this BBC special](#)
- Quebec police [admitted](#) that, in 2007, thugs carrying rocks to a peaceful protest were actually undercover Quebec police officers (and [see this](#))
- At the G20 protests in London in 2009, a British member of parliament [saw](#) plain clothes police officers attempting to incite the crowd to violence

- The U.S. has engaged in [many false flag attacks](#) (and [has](#) been [arming](#) the [Syrian opposition](#) since [2006](#) ... even though [most of the opposition fighters are Al Qaeda terrorists](#))
