There are quite a few strange things happening in the war in Ukraine. Since World War II, the world has witnessed a Western-backed president who happens to be Jewish in command of a military which has a significant number of neo-Nazis fighting Russian forces. Ukrainian President Volodymyr Zelensky has managed the war like a modern-day, far-left liberal democrat from the US in a mostly conservative country.

Zelensky is a modern political puppet of the West who is following a playbook to destroy Russia and turn it into another Iraq or Libya. Zelensky's actions speak louder than words, in fact, some of his actions are quite strange to say the least including his support for neo-Nazi extremism in his military ranks.

Who would have thought that in 2023, a Jewish President of an Eastern European country would support an army full of neo-Nazis. However, there are other decisions Zelensky has made that are just as strange and bizarre which I will discuss further in detail shortly.

Zelensky is not the first Ukrainian leader to support neo-Nazi ideology because it has been prevalent in Ukraine since [1917](#). Russia's invasion of Ukraine began in February 2022 which was provoked by Kiev who continuously bombed pro-Russian areas in Ukraine's Donetsk and Luhansk since the US-backed Maidan protests in 2014 began, so for more than 8 years, Kiev's forces killed thousands of people in the process.

That's when a new division for Ukraine's military was formed called the Azov battalion which is strictly a neo-Nazi-led battalion. That's when Ukraine showed its true colors to the world, the rise of neo-Nazis has become evident. It is now clear that Nazi ideology has sadly become part of Ukraine's culture.

However, before Russia's invasion of Ukraine, the CIA took part in training Ukrainian

“paramilitaries” as *Yahoo News* [reported](#) that it was a covert program established by Obama and was supported by every US regime since then:

While the covert program, run by paramilitaries working for the CIA’s Ground Branch — now officially known as Ground Department — was established by the Obama administration after Russia’s invasion and annexation of Crimea in 2014, and expanded under the Trump administration, the Biden administration has further augmented it, said a former senior intelligence official in touch with colleagues in government

An unnamed source said that *“If the Russians invade, those [graduates of the CIA programs] are going to be your militia, your insurgent leaders”* and that *“we’ve been training these guys now for eight years. They’re really good fighters. That’s where the agency’s program could have a serious impact.”*

In 2018, one of the most important commentaries published by *Reuters* which can also be considered a warning to the world, [‘Ukraine’s neo-Nazi problem’](#) about how Ukrainian neo-Nazis were joining the ranks of its national militias, *“a January 28 demonstration, in Kiev, by 600 members of the so-called “National Militia,” a newly-formed ultranationalist group that vows “to use force to establish order,” illustrates this threat.”*

Ukraine’s main problem with these neo-Nazis is that they have already infiltrated its armed forces, *“a recent article in Foreign Affairs downplayed any risks the group might pose, pointing out that, like other volunteer militias, Azov has been “reined in” through its integration into Ukraine’s armed forces. While it’s true that private militias no longer rule the battlefield, it’s the home front that Kiev needs to worry about now.”*

It’s been known for some time that Ukraine is a bastion of Nazi ideology, including the [Neo-Nazi Summer camps](#) for children who are literally brainwashed to become future Nazis and then then once they are around 15 years-old, they are recruited or in some cases, forced to join Ukraine’s military units such as the Azov Battalion.

We can even go back to the World War II when the US and its CIA operatives have been arming and training Ukrainian neo-Nazis since 1946. The CIA collaborated with what was called at the time “the OUN-B” which was a neo-Nazi Organization of Ukrainian Nationalists based in Eastern Europe and other areas close to the Soviet Union to assist other Ukrainian nationalists in efforts to destabilize Soviet Ukraine through assassination programs and other acts of terrorism against the Soviet Union.

It’s completely ironic with the history of Nazism in Ukraine, a Jewish performer was selected to become Ukraine’s President. However, it’s not all just about Zelensky betraying the Jewish people, the so-called “Jewish” state of Israel also supports Ukraine’s war against Russia which is another irony that’s hard to ignore. Millions of Russians died fighting the Nazis until the end and were victorious. Overall, Zelensky’s support of neo-Nazis is not only ironic, but also an insult to the Jewish people.

Perhaps Ukraine’s Former Spokeswoman was Zelensky’s way of showing the LGBTQI+ community in the West that he believes in gender equality. Sarah Ashton-Cirillo ‘aka’ Michael John Cirillo, a transgender woman was appointed as the spokeswoman for Ukraine. Zelensky is obviously pandering to the Democrats in the US, but this sort of high-level position needs to be taken seriously because Cirillo borders on insanity. The way she describes the Russian people is outrages to say the least.

In one of her [videos](#), Cirillo threatened Russian journalists and others who have criticized Ukraine's war efforts against Russia:

Russia hates the truth that their obsessive focus on a Ukrainian volunteer is simply allowing the light of the Ukrainian nation's honesty to shine brightly. Next week, the teeth of the Russian will gnash ever harder, and their rabid mouths will foam an uncontrollable frenzy as the world will see a favorite Kremlin propagandist pay for their crimes. And this puppet of Putin is only the first. Russia's war criminal propagandists will all be hunted down, and justice will be served as we in Ukraine are led on this mission by faith in God, liberty, and complete liberation

[In a prank](#) played by Russians exposed Cirillo for her deep hatred of Russia by saying that the Russian people "*want to be slaves*" and that they are "*non-human*" which is an incredibly racist comment anyone can say about a specific group of people. It's completely absurd.

One thing is certain, history will remember Zelensky's appointment of Sarah Ashton-Cirillo as an embarrassment to Ukraine's government and its supporters.

Zelensky to Appoint a Satanic Performance Artist, Marina Abramovic as Ambassador of Ukraine to rebuild schools for Children?

There are quite of few bizarre decisions that Zelensky has made including how to rebuild Ukraine once the war is over, but one of the decisions that concerns the future for Ukraine's children seems to be heading towards a very dark place because Zelensky has asked a performance artist by the name of Marina Abramovic to oversee the rebuilding of Ukrainian schools.

Who is Abramovic? for starters, she is Serbian and an anti-Putin activist who has criticized Russia's invasion of Ukraine. It is also known that Abramovic has supported the radical feminist group, [Pussy Riot](#), a group of petty criminals who are well-known anti-Putin activists based in Russia.

Abramovic also helped build an interactive installation for the [Babyn Yar Holocaust Memorial](#), *The Crystal Wall of Crying* in 2021. She was interviewed by the [Jerusalem Post](#) and made it clear that she supports Ukraine's war efforts against Russia:

I was the first artist to support the Ukraine War against Russia and to give my voice. It is definitely a repetition of history. I have been invited by Zelensky to be an ambassador of Ukraine, to help the children affected by rebuilding schools and such. I have also been invited to be a board member of the Babyn Yar organization to continue to protect the memorial. Making the Crystal Wall of Crying was just the first step in dealing with new history and figuring out how to help heal our increasingly divided world

Abramovic has made friends with Western political elites over the years including Hillary Clinton. Clinton's campaign chairman, Tony Podesta, and the brother of John Podesta who has worked for various Democratic presidents including Bill Clinton and Barack Obama, most likely attended the "Spirit Cooking" dinner party several years ago. [Wikileaks](#) exposed the email that was originally sent to Tony Podesta:

From: Marina Abramovic <marinaxabramovic@gmail.com<mailto:marinaxabramovic@gmail.com>>
Date: June 28, 2015 at 2:35:08 AM GMT+2
To: Tony Podesta <podesta@podesta.com<mailto:podesta@podesta.com>>
Subject: Dinner

Dear Tony,

I am so looking forward to the Spirit Cooking dinner at my place. Do you think you will be able to let me know if your brother is joining?

All my love, Marina

Here is Abramovic painting a wall with pig blood and wrote in capital letters,

"WITH A SHARP KNIFE CUT DEEPLY INTO THE MIDDLE FINGER OF YOUR LEFT HAND EAT THE PAIN"

then she wrote another message that said,

"FRESH MORNING URINE SPRINKLE OVER NIGHTMARE DREAMS."

Then she throws pig blood over a small statue then wrote, *"SPIRIT COOKING"* then performed a ceremony then wrote another bizarre message on the wall that read

"MIX FRESH BREAST MILK WITH FRESH SPERM MILK DRINK ON EARTHQUAKE NIGHTS."

To be honest, I don't know what most of these messages mean, the only one that I can only guess is the one that says *"Fresh morning urine sprinkle over nightmare dreams"* which most likely means that you get urinated on while experiencing a bad nightmare.

If people want to call this art, so be it, but if this new appointment does happen, it will not be in any way, an inspiring choice for any child's future.

There are other extremely controversial art pieces and photos that includes Abramovic with Satan's horns:

Here is a photo with Abramovic standing with a naked boy covering his eyes:

I just can't even imagine what went on in that Spirit Cooking party if of course, any of them attended including the Podestas' or the Clintons, in fact, I don't even want to know. It reminds me of Stanley Kubrick's last movie, ['Eyes Wide Shut'](#) with Tom Cruise going to that weird Masked Ball Ritual.

So now this so called "artist" might be the new ambassador of Ukraine who will take the lead in rebuilding schools. Just that thought alone should be of concern for all Ukrainian parents who want a good education that will benefit their children in the future. So far, that future is leading to a very dark place.

Zelensky Promotes Climate Change at UNGA

Zelensky is obviously taking orders from his Globalist handlers including those at the *World Economic Forum* as he somehow equated Climate Change with the Russian invasion in his [speech](#) at the *United Nations General Assembly* (UNGA):

Thank God, people have not learned to use climate as a weapon, even though humanity is failing on its climate policy objectives, this means that extreme weather will still impact the normal global life and some evil state will also weaponize its outcomes. And when people in the streets of New York and other cities in the world went out on climate protests-we all have seen them...

and when people in Morocco and Libya and other countries die as a result of natural disasters and when islands and countries disappear under water and when tornadoes and desserts are spreading into new territories...and when all of this is happening, one unnatural disaster in Moscow decided to launch a big war and kill tens of thousands of people

[The World Economic Forum](#) (WEF) has a goal set for the year 2050 and that is to reach "net Zero Carbon." The reality is that Climate Change is a Globalist power grab that will bankrupt any country who goes along with the scam because it will demand extreme rules and regulations that will require the complete elimination of oil, gas, coal, and other traditional forms of hydrocarbons that has been used for various industries and for the people's energy needs for quite some time.

It will no doubt lead to deindustrialization and high unemployment rates not seen since the Great Depression. They want to reduce CO2 emissions which is a form of greenhouse gases to avoid it from reaching the atmosphere because according to Climate Change alarmists,

CO2 emissions can form a blanket above us while warming the entire planet below.

This allows Climate Change alarmists to say that polar ice caps are melting, or extreme weather conditions are occurring because of how humanity has used these traditional sources of energy, but it is all a lie.

Unfortunately, Zelensky will make whatever is left of Ukraine's living conditions even worse since Ukraine's energy sources will eventually consist of alternative forms of energy such as solar panels and wind power which will make members of the WEF and others including Climate Change profiteers and activists quite happy.

Zelensky Openly Threatened Europe Indirectly with Terrorism If they Did not Support Ukraine

Never bite the hand that feeds you. Members of NATO are on board supporting Ukraine's war efforts with financial and military aid from the start, but [Zelensky made a threatening statement](#) against Europe in general with threats of terrorism by Ukrainians who cross their borders if they don't keep up with their financial and military obligations. If that's not the most idiotic thing a leader of a country at war has said, I don't know what is:

I see that he or she is not here, not with us contrary to spoken assurances, Failure to support Ukraine amounts to siding with Russia in the conflict" he continued "If partners do not help us, it means they will help Russia to win, Western voters will not forgive their leaders if they lose Ukraine, further trouble may also come from the millions of Ukrainian refugees now residing across Western Europe, they have generally behaved well, but if their hosts drive these people into a corner, the end result will not be a good story.

That sounded like a threat to me, but of course, European leaders stay silent, no comments whatsoever. Members of NATO are now in a bind because what if neo-Nazi terrorists from Ukraine decide to create a false flag operation and detonate an explosive device in a European institution or some other place that will kill and injure civilians and blame it on the Russians?

They should remember that a 29-year-old TV commentator in Russia, Daria Dugina who was killed in a car bomb explosion in the outskirts of Moscow. Daria Dugina happened to be the daughter of an influential Russian political theorist, Alexander Dugin who is a supporter of President Putin and the Russian invasion of Ukraine, so we don't have to guess who was behind this terrorist attack.

Zelensky will continue to ask the US and EU for economic and military aid even though Ukraine has no chance of winning this war with close to over [500,000 of their troops killed or injured](#).

Even though Zelensky is one of the most neo-liberal and bizarre leaders in recent history who should negotiate a peace agreement with Russia and end this war before Ukraine is completely destroyed. Zelensky is just another western-backed puppet like [Saddam Hussein](#) who happened to be Washington's favorite dictator at the time and in his last days, look what happened to him.

If Zelensky makes a peace deal with Russia and have Ukraine stay neutral and abandon its agenda of becoming a member of NATO, then maybe he can survive this war and return to

show business and make more music videos dancing in his [stilettos](#), and why not? he's actually good at it.
