Leaked information shows Trump's so-called deal of the century is a one-sided scam, favoring Israel at the expense of fundamental Palestinian rights.

The so-called peace process is the greatest hoax in modern times, along with the US war OF terror worldwide, not on it.

Israeli/Palestinian no-peace/peace plans have been around since the 1970s — a near-half century of failure to reach accommodation proof positive of US/Israeli unwillingness to respect Palestinian rights.

If both countries wanted conflict resolution resolution with Palestinians, it would have happened long ago.

Former Israeli prime minister Yitzhak Shamir explained why not. He and his predecessors wanted forever talks accomplishing nothing – giving Israel time to steal all valued Palestinian land.

His successors to the present day followed the same strategy.

Since Israel seized control of the West Bank, East Jerusalem and Gaza in 1967, colonizing and developing the most valued Palestinian land for exclusive Jewish use became official state policy — explained by Yigal Allon's regional scheme, its elements including:

- permanent militarized occupation;
- maximum land for Jews with minimum Arabs;
- dispossessing Palestinians from areas Israel wants for exclusive Jewish development and use;
- annexing all valued parts of Judea and Samaria;
- controlling Jerusalem as Israel's exclusive capital;
- establishing settlements, military bases, free-fire zones, commercial locations, tourist sites, nature reserves, no-go areas, Jews-only roads, checkpoints, other barriers, and other exclusive Jewish areas — non-Jews excluded from them;
- stealing Palestinian resources; and
- cracking down hard on resisters.

The above policies make peace, stability, equity and justice for Palestinians unattainable.

Achieving them defeats the US/Israeli agenda — dependent on endless regional conflicts and instability.

It's why decades of peace plans when unveiled were dead on arrival, Trump's let em eat cake deal of the century dead before arrival.

Partly introduced last June at a so-called "Peace to Prosperity Workshop" in Bahrain, the Trump regime's dog and pony PR show was boycotted by Palestinians.

Deceptively billed as "a vision to empower the Palestinian people to build a prosperous and vibrant Palestinian society," the economic plan has nothing to do with peace, equity and justice for long-suffering Palestinians — everything to do with one-sidedly serving US/Israeli interests.

Based on what's known so far, subject to fine-tuning, Trump's overall scheme ignores fundamental final status issues, especially real Palestinian self-determination free from Israeli occupation and control, Israeli land theft, air and water rights, other resources, the right of diaspora Palestinians to return to their homeland, and East Jerusalem as exclusive Palestinian capital.

He illegally recognized Jerusalem (a UN-established international city) as Israel's exclusive capital, moved the US embassy there, abandoned a legitimate two-state solution, recognized Israel's unlawful Golan annexation, and no longer considers illegal settlements occupied territory.

Trump and hardliners surrounding him are no friends of Palestinians or ordinary people anywhere, not at home or abroad.

Information leaked last month about his no-peace/peace plan revealed it excludes 70% or more of West Bank land controlled by Israel, including the Jordan Valley, closed military zones, exclusive Jewish commercial areas, tourist sites, no-go areas, and illegal settlements on stolen Palestinian land.

Jerusalem is to remain undivided, the city "shared between Israel and New Palestine" — Israel maintaining exclusive control, the way it's been for over half a century.

On July 30, 1980, the Knesset Jerusalem Law officially annexed the city as Israel's exclusive capital — breaching Security Council Res. 465 (March 1980).

It declared actions taken by Israel "to change the physical character, demographic composition, institutional structure or status of the Palestinian and other Arab territories occupied since 1967, including Jerusalem, or any part thereof, have no legal validity..."

In July 2004, the International Court of Justice (ICJ) ruled that "Israeli settlements in the Occupied Territory, including East Jerusalem, are illegal and an obstacle to peace and to economic and social development (and) have been established in breach of international law."

Time and again, the US and Israel breach Security Council resolutions and other international laws.

Trump's no-peace/peace plan is all about serving US and Israeli interests at the expense of regional peace, stability, and fundamental Palestinian rights.

According to Mike Pence on Thursday, Netanyahu and his chief political rival Benny Gantz will meet with Trump in the White House next week to discuss regional issues and what PA official Saeb Erekat called Trump's "deal of the next century," a conspiracy against Palestinian rights.

Reuters reported that the Trump regime will release his no-peace/peace plan ahead of the January 28 meeting with Netanyahu and Gantz.

DJT calling it "a great plan" defies reality. PA spokesman Nabil Abu Rudeineh reaffirmed the Palestinian demand for an independent state within June 1967 borders — free from Israeli occupation and control.

On Thursday, Israel's Channel 12, citing unnamed Netanyahu regime sources, said Trump's plan includes exclusive Israeli sovereignty over Jerusalem, illegal settlements, and the Jordan Valley adding:

It supports the illusion of Palestinian self-determination, demanding a demilitarized Hamas, along with Palestinian recognition of Israel as a Jewish state, Jerusalem its capital.

It also reportedly stipulates that if Palestinians reject the so-called plan, the Trump regime will support Israeli annexation of illegal settlements unilaterally.

According to the Wafa PA news site, Rudeineh said the following:

"If the announcement of this deal, with these unacceptable formulas, is made, the (PA) leadership will announce a series of measures to preserve our legitimate rights, and we will call on Israel to assume its responsibilities as an occupying power," adding:

"We warn (the Netanyahu and Trump regimes) to not cross the red lines."

Hamas spokesman Hazem Qassim said "any deal or project that does not contain our people's full rights in our land and holy sites will not stand," adding:

"All the attempts to make this deal come to pass will be squashed by our people's resistance and steadfastness."

"Our Palestinian people will determine its fate by way of its ongoing revolution, legitimate struggle and absolute belief in the justness of its cause."

On Thursday, Trump tweeted:

"Reports about details and timing of our closely-held peace plan are purely speculative."

If its provisions resemble what's discussed above, it'll clearly be rejected by the PA, Hamas, and the Palestinian street.
