'The EU is providing considerable support, including financial assistance, to ensure the building of the institutions and infrastructure of a future Palestinian state. These achievements should not be put at risk by not meeting obligations regarding the timely and transparent transfer of tax and customs revenues', said European Foreign Policy Chief, Federica Mogherini.

On April 1st 2015, the Palestinian Authority will become the 123rd member state of the International Criminal Court giving it the facility to bring war crime charges against the Israeli government. This action to obtain justice has panicked Netanyahu whose illegal reaction against the PA has acutely embarrassed the White House - but not the US congress.
