We are rapidly approaching the crossroads of no return.

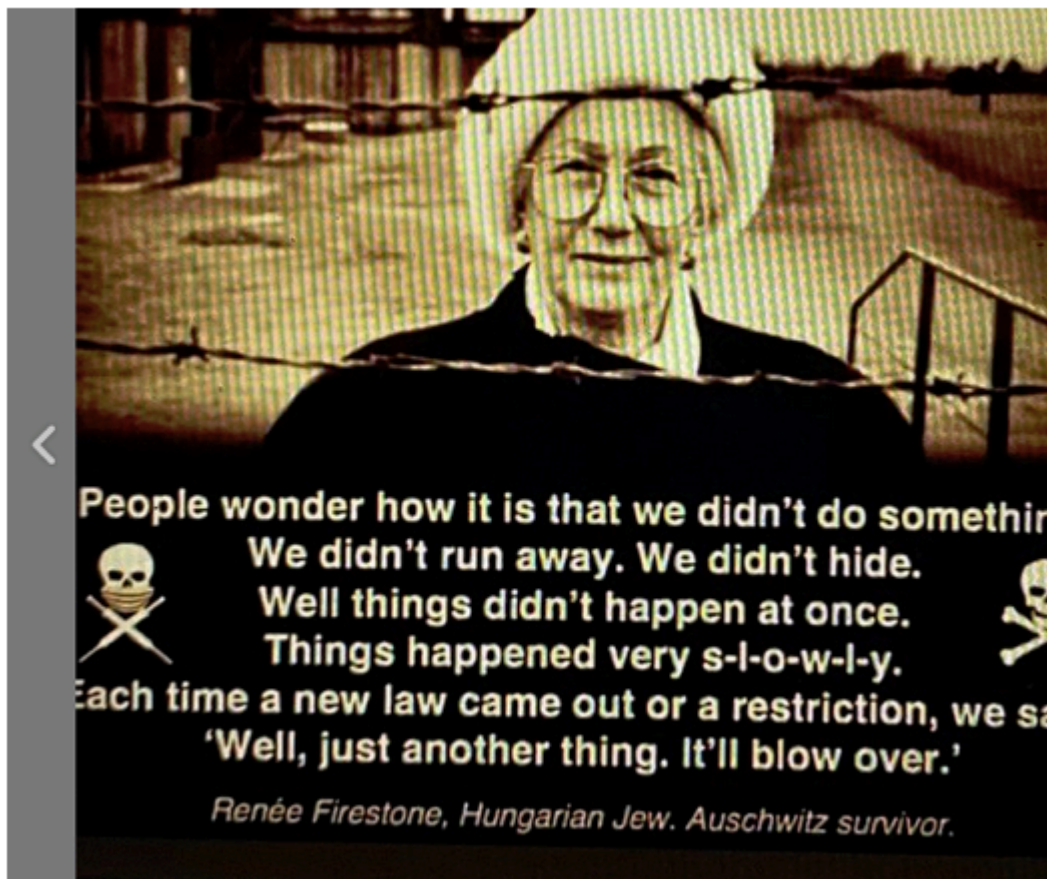

*If and when we pass it either asleep, or thinking it will blow over – it’s going to be too late.
Too late meaning – we are at the point of no return.*

We are many, they are few. We can beat them.

But we must be fully conscious of what’s going on – and be absolutely non-complacent.

Complacency is the demise of everything.

We must be convinced in solidarity and *We Shall Overcome!*

The pandemic is to force you to get the vaccine. The vaccine is to force you to get the vaccine passport. The passport is to force you to get the social credit score. The social credit score is to force you to obey the government. The government can now deny you food, medicine, housing, travel ..

If they ban you from
their restaurants,
support the ones who won't.
If they ban you from their
events, start your own venue.
If they ban you from their city,
travel to the ones @simpleorganix
that welcome you.
There are more of us than there
are of them & they know it.

This virus hasn't killed anyone
in Congress. **Not one.** Even
though a lot of them are elderly,
they have **been in crowded
rooms while not wearing
masks. But they swear it's
highly infectious.**

Employer's Mandating Vaccinations as a condition for employment

Disclaimer: I'm just a pissed off American Patriot trying to help.

1. Sidney Powell Post

When you hear that EEOC guidance says "your employer can require you to get a vaccine," this is false/ mistaken: EUAs have to have the Option to Refuse and the right to Informed Consent for EUAs. The EEOC's guidance updated on May 28, 2021, only states that "federal EEO laws do not prevent an employer from requiring all employees physically entering the workplace to be vaccinated..."[1] It does not address 21 USCS § 360bbb-3, which relates to EUAs and the option to refuse.

This is called a word game or word salad.

There is Potential Liability on Employers or Universities that Mandate Vaccines if an Employee or Student suffers any Side Effects or Death from a mandatory EUA vaccine.

Pfizer is making a killing!
According to Nazdaq, they made \$18.98 billion in the second quarter 2021 alone (obviously huge profit from the vax) BUT their drug Eliquis rose 13% (that's for blood clots) & their drug Vyndaquel rose by 77% (that's for cardiomyopathy).. see how Big Pharma works? What a strategy!
