Today Judge Gerard J. Neri ruled the covid vaccine mandate for New York healthcare workers implemented by Governor Kathy Hochul is arbitrary, capricious, null & void, and cannot be enforced.

This means the Healthcare workers *should* be reinstated to their jobs!

However we can be pretty sure that Kathy Hochul and Attorney General Tish James will be appealing this decision which may pause the ruling from taking effect until the appeal was decided.

Judge Neri repeatedly states that the covid vaccine does not prevent transmission and therefore does not serve the purpose put forth by the state. Attorney Sujata Gibson is also my attorney, and the lead attorney in *Kane v. de Blasio* as well as *New Yorkers for Religious Liberty (NYFRL) v. NYC*. All of these cases are backed by Children's Health Defense.

This victory is a very good sign for teachers and educators who have been fired for declining covid vaccination, as it is also a good sign for all fired frontline workers as well.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
