The Health Justice Initiative v The Minister of Health and Information Officer, Department of Health

On 22 February 2022 in Gauteng, South Africa, the HJI launched legal proceedings for the disclosure of all Covid-19 vaccine contracts and any applicable agreements with relevant companies and entities.

This follows an access to information request to the National Department of Health (NDoH) which was refused.

This case was heard by Millar J in the Pretoria High Court on Tuesday, 25 July 2023.

On 17 August 2023, the Pretoria High Court ruled in our favour in our bid to compel the National Department of Health to provide access to the COVID-19 vaccine procurement contracts. The Court ordered (per Millar J) that all COVID-19 vaccine contracts must be made public, and the costs of the case were awarded in our favour.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
