Dear Premier David Eby, et al,

Your stubborn refusal to face the reality that the Covid-19 scamdemic is DEAD and over with has to end. Your government's unwarranted mis-treatment of our dedicated nurses who the NDP kicked out of the hospitals for refusing to take the killer jab also MUST end and these trained professionals be reinstated and compensated for loss of wages plus all the concomitant negative results of your government's ill-conceived actions. Such treatment of BC's nursing profession by you and your cohorts is more akin to the actions of communist nations like China not so-called Democratic nations like Canada.

Given all your past credits for having been the Executive Director of the BC Civil Liberties Association and an award-winning human rights lawyer all of those accomplishments fly in the face of such draconian, mean-spirited treatment of the nurses here in B.C.

I was personally in communication with you a few years back when the Ontario Civil Liberties Association was standing up for me during my own litigation over the issue of freedom of speech in Canada when we were requesting support from the BC Civil Liberties Association. As I recall trying to get you onboard was like pulling teeth with vice-grips.

For all the rhetoric and fanfare that the office of Premier provides you none of that matters in the long run. What **truly matters** is that you get your shit together and accept the fact

that this heinous scamdemic you, Horgan, Henry, Hix and the rest of the NDP party have been colluding in with the World Health Organization, the World Economic Forum, Bill Gates, Fauci and all the rest of the global elite psychopaths has to cease and common sense once again guide you all.

The party's over David. The world is on to your scheming on behalf of those who want to murder the majority of humanity and turn the rest into genetically modified organism. Best you make things right and reinstating the unemployed nurses would be a good first step on the road back to justice and freedom.

For Truth and Justice,

Arthur Topham

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
