In-depth Report: [PALESTINE](#)

Palestine under siege for 72 years. A UK-prompted UN decision in 1947 allowed David Ben-Gurion, then the head of the Jewish Agency, to proclaim on May 14, 1948, the establishment of the State of Israel.

The **United Nations Partition Plan for Palestine**, a UN proposal, recommended a partition of “Mandatory Palestine” at the end of the British Mandate. “Mandatory Palestine” was a geopolitical entity established between 1920–1948 in the region of Palestine, under the terms of the League of Nations Mandate for Palestine. On 29 November 1947, the UN General Assembly adopted the Plan as **Resolution 181 (II)**.

This fastidious date and controversial decision in 1948 brought about misery for generations of people – Palestinians – on their own land, inflicted by a tiny country implanted on Palestine – but supported by a super-power to the point that this tiny country, called Israel, has itslef become a super-power – on the verge of expanding herself not only over Palestinian terrirtory, but over the entire Middle-East.

Muhammad and his father cower behind a concrete wall

Muhammad's father, Jamal, tries to shield him

"Don't shoot", Jamal shouts to Israeli troops

Shots ring out

Muhammad collapses in his father's arms

Muhammad dies and the father is badly wounded

It shall not happen.

This tiny country, ruled by a minority of power-greedy Zionists, linked to a worldwide Zionist-dominated network over the western financial system, and hellbent to rule the world – as the Chosen People, has violated countless UN Resolutions calling for a halt of her deadly aggressions on the Palestinian people. And not only on Palestine, but to stop her interference all over the Middle-East, Syria, Iraq, Lebanon, Iran – to mention just a few. To no avail.

The tragic and murderous photo series on the left, depicts the 20th anniversary of just one indescribable crime. But it is also symbolic for Israeli-perpetrated atrocities that have been slaughtering Palestinians for the last 72 years – indiscriminately, children, women, men – and no end is in sight, because the west looks on and tolerates. It tolerates one outrageous brutality after another.

Tolerance with financial gain. Weapons sales to Israel flourish – and trade with Israel is unaffected – as the Jewish people, victims of the Holocaust – that, indeed, shall never be

forgotten! – are being used by their Zionist masters to continue instilling guilt on Europe, the world. It's a strategy that works wonders. The victims *cum* guilt have become an alibi for today's Israel getting literally away not just with murder, but with an ongoing genocide.

As things stand today, Israel is about to take over and absorb the Palestinian West Bank without serious opposition from its western NATO allies, the very hypocritical west that is officially propagating peace talks after peace talks – no end. Indeed, no end. Because Peace is not wanted. The United States of America wants full domination of the Middle-East. It's one of the planet's most energy rich areas, but also one of the most strategic gateways between Eurasia and Africa. So, the symbiotic relationship of the tail wagging the dog, between Israel and the US of A will go on.

Should that take-over by Israel of the Westbank happen, then the entire once "Mandatory Palestine" would become Israel. This may be the "geopolitical" strategy, but are the people at large – all over the globe – aware of this diabolical plan?

When the legendary "Crack" – "There is a Crack in Everything, that's how the Light Gets In" ("[Anthem](#)", [Leonard Cohen, London 2008](#)) – will open our minds to the reality of what we humans are doing to ourselves, to humanity – to our fellow sentient beings – we may finally act and choose Justice over Greed, Love over Hate and Peace over War.
