Singapore Airlines COVID-19 vaccination policy history

[Jan. 2021](#): Singapore Airlines hopes to be the world's first fully-vaccinated airline.

[Feb. 2021](#): Singapore Airlines says all three passenger airlines within the SIA Group – itself, SilkAir and Scoot – will operate flights “with a full complement of vaccinated pilots and cabin crew”.

[Aug. 2021](#): Singapore-based staff at Jetstar Asia and [Singapore Airlines](#) (SIA) Group, have been given a deadline to get fully vaccinated. Only frontline staff like pilots and flight crew at SIA and Scoot will be affected by the new policy. SIA staff have till September 1st, to get their shots. To date, all ground staff at SIA Group have been vaccinated and about 99% of pilots and cabin crew have taken the shots.

Singapore's COVID-19 vaccines were 95% mRNA

My Take...

Singapore Airlines wanted to be the world's first fully COVID-19 vaccinated airline and boasted a 99% vaccination rate for pilots and crew.

You'd expect such brain dead virtue signaling from places like Canada, Australia or New Zealand, you wouldn't expect it from Singapore.

And yet, Singapore fell for the COVID-19 mRNA vaccine fraud just the same.

Even in Singapore, pilot deaths are difficult to hide, so it will be interesting to see if this trend of pilot sudden deaths continues.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
