To a great Air Transat Pilot, Captain and good friend of mine.
I'm at a loss for words. You were such a humble, great and awesome person I could Have conversations for hours about aircraft, flying, airports and everything to do with Aviation. You gifted me an aircraft model and we were going to meet this spring or summer when I visit Montreal, but now that is not possible. You are the Captain flying your angel wings now in heaven. Will miss our chats. I'll always remember you and keep you in my heart. Rest in Peace dear Eddy. Will miss you so much! 😭

Eddy Vorperian understood that people remember not what you do but how you make them feel.

One the kindest most gentle people I've ever met in this industry. Its surreal.. i spoke with him a few weeks ago on the employee bus. I cannot believe he is gone. Rest in peace old friend.

Huge loss for the aviation community..

My Take...

This information comes to me from two private messages. It is not on the news. It can't be found anywhere, other than in the messages of those who knew him personally.

A pilot for Air Canada and Air Transat, with 25 years experience dies suddenly at the age of

48 and this doesn't warrant even a paragraph in the mainstream media?

Is the media deliberately suppressing information about pilot deaths? It certainly looks that way.

At least one facebook posts mentions compelled COVID-19 vaccine injections.

Eddy Vorperian deserved better.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
