In its waning days in power, Trump regime hardliners are going all-out to more greatly deteriorate US relations with China than already — Pompeo leading the assault.

Mindful of what’s going on with more coming, China’s Foreign Ministry spokesman Zhao Lijian said the following last Tuesday:

“Pompeo certainly went to great lengths to spread political viruses.”

“He’s truly in a league of his own when it comes to weaving lies and distorting facts.”

The US “is the biggest destabilizing factor threatening global peace and security and undermining multilateral cooperation.”

“In rampant pursuit of unilateralism, it blatantly withdraws from treaties and organizations and arbitrarily resorts to the threat of sanctions.”

“To date, it has exited a dozen international conventions and organizations.”

It “unilaterally announced the restoration of UN Security Council sanctions against Iran, and abused the venue of the UN to flagrantly smear other countries, drawing wide opposition from the international community.”

These actions...“gravely undermine international cooperation...world peace, stability and security.”

“Pompeo’s lying diplomacy has once again exposed the infamous ‘American double standard.’ ”

It undermines cooperation among world community nations, leaving America’s “international image and reputation” in tatters.

On Thursday, the Trump regime added nine more Chinese firms to its so-called “entity list.”

They include the China National Offshore Oil Corporation and mobile phone producer Xiaomi — on the phony pretext of ties to the country’s military.

The move blocks US exports to and imports from targeted firms without Commerce Department approval.

A statement by Secretary Wilbur Ross said the following:

“China’s reckless and belligerent actions in the South China Sea and its aggressive push to acquire sensitive intellectual property and technology for its militarization efforts are a threat to US national security and the security of the international community (sic).”

The above claim applies to the US and its imperial partners, not China.

Its leadership prioritizes cooperative relations with other nations, confrontation with none.

Separately, an anti-China propaganda report by a so-called Congressional-Executive Commission on China (CECC) falsely accused its government of “crimes against humanity – and possibly genocide” against its Uyghur population.

Similar US charges were made before that falsely claim mass-internment of up to a million Uyghurs and other Muslims.

When accusations like these surface against sovereign independent countries free from US control, no credible evidence supports them because none exists.

In response to the above US charge, China’s Washington embassy slammed the CECC for being “obsessed with making up all sorts of lies to vilify China,” adding:

“The so-called ‘genocide’ is a rumor deliberately started by some anti-China forces and a farce to discredit China.”

House passed Uygur legislation called for sanctions against Beijing for human rights abuses.

The world’s leading human rights abuser domestically and worldwide USA time and again blames other nations for its own high crimes.

Reportedly, the Trump regime is set to release so-called “bombshell” information about made-in-the-USA covid it claims was released from China’s Wuhan Institute of Virology before reported outbreaks last year.

As point man for Trump’s war on China by other means, Pompeo will release so-called evidence.

According to London’s Daily Mail, “America is set to present dramatic new evidence that the virus leaked from a Wuhan lab – in the final act of the Trump” regime, adding:

“Senior officials in Washington say that...Pompeo is set to make a ‘bombshell intervention.’ ”

“They say he will reveal evidence that SARS-CoV-2 did not leap naturally from bats, pangolins or other species to humans.”

“Instead he will claim it was cultured by scientists at the Wuhan Institute of Virology...”

“British Foreign Office and security sources confirmed they were expecting the claims from Washington but dismissed them in advance, saying ‘all the credible scientific evidence does not point to a leak from the laboratory.’ ”

“The established view of the US intelligence community suggests the pandemic was natural in origin.”

Pompeo is also expected to accuse the WHO of aiding an alleged Beijing cover-up with no credible evidence supporting the charge.

He'll claim ties between the lab and China's military to conduct experiments.

On Monday, a White House statement said the following:

“The world cannot continue to pay heavy prices for its naivete and complicity in Beijing's irresponsible and harmful practices (sic) – whether it is ending the rule of law in Hong Kong (sic) or not cooperating with health officials on the pandemic (sic).”

The Trump regime “is examining further options to respond.”

As earlier explained, covid is renamed seasonal flu/influenza that occurs annually — with none of what's going on now, no mass-hysteria fear-mongering propaganda.

What began since early last year is a diabolical brave new world US-led social control plot.

Its aim is transforming world community nations into ruler/serf societies.

It created the Greatest Main Street Depression in US history.

It's facilitating the greatest ever wealth transfer from most people to the privileged few.

Lockdowns and quarantines (aka house arrest), social distancing, mask-wearing, and all the rest caused infinitely more harm to countless millions of households than any number of serious diseases combined.

What's happening perhaps established a permanent new abnormal, the worst likely to come.

A diabolical social engineering plot with no end of it in prospect may eliminate freedoms as once existed — dystopian harshness replacing them.

Ongoing actions have nothing to do with protecting and preserving health and well-being, everything to do with harming them by police state social control.

Covid is the vehicle, a hoax perpetuated by Big Government/ Big Media mass deception — a state-sponsored coup d'état against virtually everything just societies hold dear.

If successful, it'll create what Orwell called “a boot stamping on a human face — forever.”

Everyone vaxxed with hazardous covid vaccines is playing fast and loose with their health, safety and well-being.

We can either resist to preserve and protect what's too precious to lose or risk near-or-longer-term contraction of serious illnesses under draconian conditions.

The choice is self-evident.
