Bastille 2.0?

The Storming of the Bastille occurred in Paris on the afternoon of July 14, 1789. The Bastille was a medieval armory, fortress, and political prison. It was the symbol of Royal Authority under the reign of King Louis XVI.

The French monarchy was obliged to accept the authority of the newly proclaimed National Assembly as well as endorse the fundamental rights contained in the "Declaration des Droits de l'Homme et du Citoyen" (Declaration of the Rights of Man and of the Citizen), formulated in early August 1789.

More than 230 years later, these fundamental rights (Liberté, Égalité, Fraternité) are now being contravened by corrupt governments in France under Macron and around the world on behalf of a totalitarian and illusive financial establishment.

The Creation of a Mass Movement

What is at stake is the creation of a mass movement (nationally and worldwide) which questions the legitimacy and authority of the architects of this insidious project which broadly speaking emanates from Big Money, Big Pharma, the Information Technology Conglomerates, the Security Apparatus, Intelligence, the Military Industrial Complex, Big Energy, and the Corporate Media.

Ironically, the architects of the COVID-19 “pandemic” are now actively involved in formulating the “solution”. The World Economic Forum’s Great Reset consists in installing a worldwide totalitarian regime. What is contemplated is a system of “Global Governance” predicated on depopulation (see Chapters XII and XIII).

Approximately 193 UN member states are slated to be weakened and undermined. They are under the grip of the most serious debt crisis in world history. Under the Great Reset, the institutions of parliamentary democracy and the welfare state are to be replaced by an unelected “public- private partnership” dominated by the upper echelons of the financial establishment.

Bastille 2.0 In France?

With regard to France, that mass movement –Bastille.2.0– will require “regime change” and the unseating of Emmanuel Macron as Head of State.

The protest movement cannot be limited to pensions and wages, it must question the legitimacy of corrupt political leaders in high office who have betrayed the French people.

Emmanuel Macron is a former “investment banker” and obedient servant of [LCF Rothschild](#). He does not represent the citizens of the French Republic.

Restoring Real Democracy

We will seek all avenues through peaceful means to disable and undermine this totalitarian

project including dialogue with and within public and private institutions (students, teachers, law enforcement officials, members of the military and the judiciary, etc.)

What is required is to break down the structures of corruption, hierarchy and abusive authority, namely to pursue what might be described as:

“the democratization of decision-making within our institutions”.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
