I will be fully vaccinated in 2 weeks and my mask will still be on. That's my personal decision. I lost my grandmother and we all had it and that was probably one the worst things I've had to go through my anxiety is high enough and I'll do what makes me feel safe and lower my anxiety levels. Will I judge others on there personal decisions absolutely not! You do what's best for you! Please be kind to those that continue to wear masks or to those who are honest and choose not to! Much love ❤️

## My Take...

Lipid Nanoparticles with mRNA cross the placenta.

In this case, it would be important to know if the mom continued to take booster shots and if she took a booster shot just prior to or during pregnancy.

There are multiple possible sources of injury to the infant:

1. Transplacental exposure (mom's lipid nanoparticles with mRNA crossing the placenta)
2. Breast milk (mRNA can be contained in LNPs or exosomes) and ingested by the baby via breastfeeding.
3. Exposure to COVID-19 Vaccine spike protein (could be transplacental or via breast milk)
4. Exposure to COVID-19 Vaccine DNA Contamination (plasmids or fragments, transplacental or via breast milk)

These routes of exposure could give the baby internal organ damage.

One additional consideration is: did the baby receive any childhood vaccines?

SIDS is most commonly Vaccine induced sudden death.

# The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*

## Reviews

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon*

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia*

*In the science-based chapters, Michel traces the false covid pandemic, the PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig*

*Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac*

*A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom*

*loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin*
