Attorneys Dan Watkins and Michael Hamilton announced in a national Press Conference September 7 the filing of their first-in-the-nation landmark lawsuit against three hospitals on behalf of families who had lost their loved ones with the “bounties” paid to hospitals for using the toxic combination of food and fluid restriction, remdesivir, mechanical ventilation, high dose morphine-midazolam respiration-suppressing cocktail to spiral patients down the dark road to death.

After more than 2 ½ years of daily COVID deaths in America’s hospitals, we finally have the first two attorneys in the US to take legal action boldly and courageously against three hospitals in Fresno, California for wrongful death, medical battery, elder abuse and other violations of patients’ rights to hold these hospital administrators, doctors and nurse accountable for such horrific patient abuses.

Truth for Health Foundation has pledged financial support for this lawsuit as one of our human rights defense efforts to serve the public good by helping protect public safety, defend patient rights, and defend life. Both Attorney Watkins and Attorney Hamilton have been engaged by Truth for Health Foundation to assist on several legal initiatives to help defend human and civil rights secured by law.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
