

Reversing the Tide: Truth in Media

By [Global Research News](#)

Global Research, April 12, 2018

Mainstream media fiction has reached new heights.

Public opinion is duped into endorsing the repeal of civil liberties in the name of “national security” as well as the conduct of “humanitarian wars” with a view to promoting “democracy” and achieving a lasting “World peace”.

Without media disinformation and war propaganda, which offensively pervade the global news chain, the legitimacy of the US-NATO military agenda would collapse like a deck of cards.

Despite relentless efforts by the independent alternative media to convey unbiased analysis and honest news reporting, the outright lies and fabrications of the mainstream media continue to thrive.

For almost seventeen years, Global Research, together with partner alternative media organizations, has sought Truth in Media with a view to eventually “disarming” the corporate media’s disinformation crusade.

We cannot do this alone, to reverse the tide we need your help. We remind you that Global Research operates exclusively through the support of its readers, and does not accept funding from public or private sources. [Please consider making a donation](#) and/or becoming
