Legislating a warmongering bill is seemingly effortless for the US Congress than passing a healthcare for all.

What does “Making America Great Again” actually mean?

The poster below talks about the newly passed sanctions against the three ‘rogue’ enemies of the very peace-loving United States.

SANCTIONS, a pretext for a Nuclear War

A new sanctions bill on Russia, Iran and North Korea has already passed in the House of Representatives (419 - 3) and Senate (98 - 2). This is an indication of the U.S. naked confrontational foreign policy against Russia, Iran and North Korea and also a move to undermine the European "allies". The elite in the U.S. don't explain how we - the working people - would benefit from imposing sanctions on any country at this time of uncertainty. Working people care about jobs, healthcare and education. However the incompetent Congress only cares about regaining their imperial power at any cost, even a preemptive military attack against nuclear-armed powers - a dangerous and desperate act which only opens the gate of hell of a Nuclear Third World War.

The choice is clear: Healthcare for All or Nuclear War.

**Say NO to war and insane warmongers
in Washington.**
