Karen Hudes worked in the World Bank legal department for more than 20 years and held the position of Senior Counsel. She was fired for blowing the whistle on corruption inside the World Bank.

Ms. Hudes knows exactly what the global elite are after — total control. They are jockeying financial institutions and transnational corporations into position to dominate the planet.

“But the global elite don’t just control these mega-corporations,” writes [Michael Snyder](#).

“According to Hudes, they also dominate the unelected, unaccountable organizations that control the finances of virtually every nation on the face of the planet. The World Bank, the IMF and central banks such as the Federal Reserve literally control the creation and the flow of money worldwide.”

Hudes “says the global financial system is dominated by a small group of corrupt, power-hungry figures centered around the privately owned U.S. Federal Reserve. The network has seized control of the media to cover up its crimes, too, she explained. In an interview with The New American, Hudes said that when she tried to blow the whistle on multiple problems at the World Bank, she was fired for her efforts. Now, along with a network of fellow whistleblowers, Hudes is determined to expose and end the corruption,”

writes [Alex Newman](#).

On June 8 Hudes wrote to the Bilderberg Steering Committee (see [PDF here](#)). She said the “The Wizard’s projection screen is no longer working” and

The US Japan Committee under the Status of Forces Agreement is not going to permit a unilateral surrender by staying with Federal Reserve Notes that are no longer the international reserve currency and are not backed with the US monetary gold reserves (because the whole world knows that the world’s monetary gold reserves are held in the Global Debt Facility — not with the Network of Global Corporate Control). The rest of the US military also understands that the coalition for the rule of law is now in charge. Facts are facts.

Hudes explains how the Global Debt Facility is working to prevent the global elite from

exacting total monetary control:

Her letter sent to the Bilderberg Steering Committee quotes Alis Castano, who describes the secretive cabal as a “mysterious, malicious, power hungry group” that will gather

in the Interlpen-Hotel Tyrol in Austria to discuss policies, depopulation and their secretive agendas behind closed doors. The event is scheduled to take place just 3 days after the G7 Summit. According to the Bilderberg UK website the agenda is set to include the situation in Ukraine and Syria, along with the TTIP trade agreement. Senior lobbyists for the TTIP from the business and financial sector will be attending. Additionally they will discussing the creation of a cashless society, as well as foreign immigration issues in Europe...
