[12 Experts Questioning the Coronavirus Panic](#)

By [OffGuardian](#), August 28, 2020

[The government's anti-COVID19 measures] are grotesque, absurd and very dangerous [...] The consequences on medical care are profound. Already services to patients in need are reduced, operations cancelled, practices empty, hospital personnel dwindling. All this will impact profoundly on our whole society.

[The COVID-19 Vaccine. The Imposition of Compulsory Vaccination with a Biometric Health Passport?](#)

By [Dr. Pascal Sacré](#), August 20, 2020

Not only will this vaccine not protect you at all or not enough, but it can make things worse by facilitating your infection with COVID-19! The phenomenon of facilitating viral infection by antibodies (ADE or antibody dependent enhancement) has been known for a long time and exists for many viruses.

[Remdesivir for Covid-19: \\$1.6 Billion for a “Modestly Beneficial” Drug?](#)

By [Elizabeth Woodworth](#), August 27, 2020

The U.S. Department of Health and Human Services has recently “bought” all of Gilead Science’s Remdesivir for \$1.6 billion. “500,000 doses at \$3,200 per patient - to be available to American hospitals but not for other countries”

That’s \$1.6 billion tax dollars for a virtually untested drug showing only marginal efficacy in the hospital setting.

MIT Tech Review’s hyped coverage of the Covid-19 outbreak is led by the tag-line, “Navigating a world reshaped by Covid-19.”

Their articles reflect an eager embracement of the public hysteria prompted by Covid-19’s spread, the socioeconomic paralysis it has created, and the many profitable solutions – particularly those involving technology – proposed to “shape” the world post-Covid-19.

[COVID-19 Coronavirus: The Crisis. “You Simulate and Then You Go Live”](#)

By [Prof Michel Chossudovsky](#) and [Bonnie Faulkner](#), August 27, 2020

The WHO Director-General, who had been in Davos just a few days earlier, determined that the so-called outbreak constituted a Public Health Emergency of International Concern, and, as I mentioned, that decision was taken on the basis of 150 confirmed cases outside China. Now, anybody who takes cognizance of that should not trust anything else that they say because at the beginning is a big lie, and it’s a big lie which is instrumented by very powerful people. It’s the combination of what I call Big Money and Big Pharma.

By [Peter Koenig](#), August 26, 2020

Driven by WHO, the Geneva UN Medical Directors (UNMD) group has just issued a CONSENSUS STATEMENT for UN staff in Geneva that is essentially warning UN staff of stricter measures to be taken, such as mask wearing in the office when 2-meter distances could not be respected, as well as increased working from home again, when as recently as in June these conditions were relaxed. Working from home means separating colleagues from each other, connecting them by Zoom, but NO HUMAN CONTACT. That’s the name of the game.

By [Prof Michel Chossudovsky](#), August 26, 2020

A diabolical process is underway which consists in “identifying” all those who are opposed to the governments’ management of the coronavirus pandemic. According to ongoing psychological studies, these opponents are categorized as anti-social psychopaths.

The unspoken objective is to shunt the emergence of an organized protest movement pertaining to social engineering and the decision taken Worldwide at a political level to close down the national economies of more than 150 members states of the United Nations.
