[Interlocking Agencies that Conspire to “Create Terror”: We Do Not Need the Police to “Create More Terrorists”](#)

By [Mark Taliano](#), August 10 2016

Unsuspecting citizens are paying for a nexus of interlocking agencies that conspire to create terror, war, and police-state legislation in a War of Deception that serves to devastate humanity. Without its arsenal of fabricated war pretexts, and its fabricated Fear apparatus, the warmongering oligarchy would be denuded and reveal itself as the mass-murdering terrorist entity that it is.

[How Long Can Economic Reality Be Ignored?](#)

By [Dr. Paul Craig Roberts](#), August 10 2016

Trump and Clinton have come out with the obligatory “economic plans.” Neither them nor their advisors, have any idea about what really needs to be done, but this is of no concern to the media. The presstitutes operate according to “pay and say.” They say what they are paid to say and that is whatever serves the corporations and the government. This means that the presstitutes like Hitler’s economic plan and do not like Trump’s.

[Cell Towers and Cellphones. Microwave Radiation, Electromagnetic Pollution, Impacts on Human Health](#)

By [Joachim Hagopian](#), August 10 2016

“Electromagnetic pollution may be the most significant form of pollution human activity has produced this century, all the more dangerous because it is invisible and insensible.” — Andrew Weil, MD, bestselling author We live in the information age when

we're bombarded every single day with incoming data to process and interpret whether it's true or not. Because the government and mainstream media have an agenda of false narratives and disinformation propaganda to willfully keep people confused in the dark, the American public is starved for the truth and in record numbers has sought it from alternative media outlets on the World Wide Web.

"Many of our interlocutors have been purged or arrested". — James Clapper, US Director of Intelligence on Turkish Coup (Financial Times 8/3/16, p. 4) Washington has organized a systematic, global, no holds barred campaign to oust Republican Presidential candidate Donald Trump from the electoral process. The virulent anti-Trump animus, the methods, goals and mass media resemble authoritarian regimes preparing to overthrow political adversaries.

[Refugee Trauma: Australia's Remorseless Detention Camp on Nauru](#)

By [Dr. Binoy Kampmark](#), August 10 2016

"Do I have to kill myself to go to Australia?" — Asylum seeker, Nauru, March 2, 2015. Human sensibility has been given another sound beating with the leak of 2,116 incident reports from Australia's remorseless detention camp on Nauru. The reports total some 8,000 pages covering the period of May 2013 to October 2015 and were published by the *Guardian* on Wednesday.[1] The newspaper notes that children are heavily, in fact "vastly over-represented in the reports" featuring in a total of 1,086 incidents despite making up only 18 percent of the detained population. Even the bureaucratic "ratings" of harm and risk given by the private security firm Wilson's can't varnish the brutalities.

[A Nonviolent Strategy to End War](#)

By [Robert J. Burrowes](#), August 10 2016

There is a long history of anti-war and peace activism. Much of this activism has focused on ending a particular war. Some of this activism has been directed at ending a particular aspect of war, such as the use of a type of weapon. Some of it has aimed to prevent a type of war, such as 'aggressive war' or nuclear war. For those activists who regard war as the scourge of human existence, however, 'the holy grail' has always been much deeper: to end war.
