[America's "Humanitarian War" against the World](#)

By [Prof Michel Chossudovsky](#), August 14 2016

We are not dealing with piecemeal military and intelligence operations. Major military and covert intelligence operations are being undertaken simultaneously in the Middle East, Eastern Europe, sub-Saharan Africa, Central Asia and the Asia Pacific region. A US-NATO war on Russia, China and Iran is part of the US presidential election debate.

[Donald Trump and the ISIS Factor](#)

By [Dr. Binoy Kampmark](#), August 13 2016

Ever straddling that fine line between the absurd and the puncturing revelation, Donald J. Trump's "ISIS" remarks about the Obama administration and the Democrat presidential nominee, Hillary Clinton, were vintage. "[Obama] was the founder of ISIS absolutely, the way he removed our troops. ... I call them [Obama and Hillary Clinton] co-founders."

The Cold War began during the Truman administration and lasted through the Eisenhower, Kennedy, Johnson, Nixon, Ford, and Carter administrations and was ended in Reagan's second term when Reagan and Gorbachev came to an agreement that the conflict was dangerous, expensive, and pointless.

[Bayer AG Makes "Bee Contraceptives". It's the German Chemical Company Which Absorbed Monsanto](#)

By [F. William Engdahl](#), August 15 2016

Most will wonder what I mean when I say Bayer AG, the German chemicals and drug company, the same one that just absorbed Monsanto, makes bee contraceptives. This is precisely what a newly-published, peer-reviewed scientific study confirms. Contraceptives for bees are not good for the world, no better than another product invented in the labs of Bayer, namely heroin. Bayer makes a class of insect killers known as neonicotinides. Their free use worldwide threatens bee pollination and the entire food chain.
