[New Documentary: Eugenics to Pandemics](#)

By [John Potash](#), August 09, 2022

Shots puts an amusing spin on the little-known history of eugenics. It traces the genocidal, anti-ethnic eugenics movement which resulted in the sterilization and elimination of millions. It exposes how the wealthiest families financed the evolution of eugenics into Nazi Germany, and pushed America into perpetual wars. These families further influenced the government's elimination of financial liability for vaccine manufacturers while simulating run-ups to the 2020 pandemic. By that year the wealthiest had bought and controlled the media, and censored medical experts that criticized government actions.
