NATO prophesied a Second Russian Offensive (SRO) on the muddy heels of rasputitsa [Spring]. Then when queried, on February 13, about upcoming festivities, Secretary-General Stoltenberg imparted: “we are seeing the start already.” The SRO crept imperceptibly. April Fools’ came early.

At the same time, it patented and receives royalty payments for the "vaccine" against said virus.

[Send in the Clowns. Yellen and Garland Perform Back-to-back Surprise Visits to Ukraine](#)

By [Philip Giraldi](#), March 21, 2023

Sometimes I think that the script being used by the Biden Administration to manage its foreign and national security policies has been written by George Orwell, though I am not sure if it based on 1984 or Animal Farm.
