By [South Front](#), May 20, 2020

The escalated tensions even led to a military incident on the M4 highway, near the town of Nayrab, when the Turkish Army and militant groups directly controlled by Ankara clashed with Hayat Tahrir al-Sham and its supporters. At least 11 members and supporters of the al-Qaeda-linked group were killed by live fire from Turkish troops and strikes by Turkish unmanned combat aerial vehicles.

[China Updates Its 'Art of Hybrid War'](#)

By [Pepe Escobar](#), May 20, 2020

Unrestricted Warfare was essentially the PLA's manual for asymmetric warfare: an updating of Sun Tzu's Art of War. At the time of original publication, with China still a long way from its current geopolitical and geo-economic clout, the book was conceived as laying out a defensive approach, far from the sensationalist "destroy America" added to the title for US publication in 2004.

[Washington's Tell Tale of Iranian-Al Qaeda Alliance Based on Questionably Sourced Book 'The Exile'](#)

By [Gareth Porter](#), May 20, 2020

The U.S. assassination of [Qassem Soleimani](#) in January touched off a new wave of disinformation about the [top Iranian major general](#), with Trump administration allies branding him a global terrorist while painting Iran as the world's worst state sponsor of terrorism. Much of the propaganda about Soleimani related to his alleged responsibility for the killing of American troops in Iraq, along with Iran's role in Syria, Lebanon, and Yemen.

[The Case of General Michael Flynn: The Use of Law as a Political Weapon](#)

By [Dr. Paul Craig Roberts](#), May 20, 2020

US Department of Justice (DOJ) documents that the department was forced to turn over to General Michael Flynn's attorney reveal that the FBI found no wrongdoing by Flynn in its investigation of him and recommended the investigation be closed. Corrupt FBI official Peter Strzok, a leader of the anti-Trump cabal in the FBI, intervened. Strzok convinced the official managing the investigation not to close the case as it was the wishes of the "7th floor" (top FBI officials) to keep the case open. In the absence of evidence against Flynn, released FBI documents prove that the FBI leadership decided to frame General Flynn. The documents reveal that the FBI's plan is "to get him (Flynn) to lie so we can prosecute him or get him fired. . . . we should try to frame them in a way we want." General Flynn was forced to incriminate himself with a guilty plea. Otherwise, the corrupt DOJ prosecutors threatened to indict Flynn's son.

[Is the Lockdown the Greatest Policy Disaster in U.S. History?](#)

By [Mike Whitney](#), May 19, 2020

Donald Trump calls the media "the enemy of the people", but it's much worse than that. The media is a national security threat. Just look at the way they've handled the coronavirus. The hysterical 24-7 coverage has people so terrified they've locked themselves in their homes inflicting catastrophic damage on the economy. That disaster never would've taken place if the media hadn't focused all their energy on scaring people to death. Now the damage is done, millions of people have lost their jobs, tens of thousands of small and mid-sized businesses are facing bankruptcy, and the world's biggest economy has been reduced to a smoldering wastelands. And what was gained? Nothing.

[Another U.S Bank Bailout Under Cover of a Virus](#)

By [Ellen Brown](#), May 19, 2020

Many economists in the US and Europe argued that the next time the banks failed, they should be nationalized – taken over by the government as public utilities. But that opportunity was lost when, in September 2019 and again in March 2020, Wall Street banks were quietly bailed out from a liquidity crisis in the repo market that could otherwise have bankrupted them. There was no bail-in of private funds, no heated congressional debate, and no public vote. It was all done unilaterally by unelected bureaucrats at the Federal Reserve.

[The Warp Speed Push for Coronavirus Vaccines](#)

By [F. William Engdahl](#), May 19, 2020

The US White House has appointed a coronavirus “Vaccine Czar” from Big Pharma to oversee something dubbed Operation Warp Speed. The goal is to create and produce 300 million doses of a new vaccine to supposedly immunize the entire US population by year-end against COVID-19. To be sure that Big Pharma companies give their all to the medical Manhattan Project, they have been fully indemnified by the US government against liabilities should vaccine recipients die or develop serious disease as a result of the rushed vaccine. The FDA and NIH have waived standard pre-testing on animals in the situation. The US military, according to recent remarks by the US President, is being trained to administer the yet-to-be unveiled vaccine in record time. Surely nothing could go wrong here?
