Project AERODYNAMIC (formerly CARTEL, ANDROGEN, AECARTHAGE, between 1949 and 1970) concentrated on anti-Soviet operations, largely confined to propaganda. This entailed working closely with ultranationalists that have long had one goal in mind—the murder of ethnic Russians in Ukraine.

By [Dr. Chandra Muzaffar](#), December 28, 2022

The Ukraine war has also aggravated global inflationary trends — already evident before the war. Global inflation is now affecting millions of people all over the world. Economies are stagnating also because investment flows are slowing down, yet another consequence of the war. This affects the generation of jobs and the general employment pattern even in countries far from the war zone.

Over the past weeks a coordinated all-out assault on our agriculture—the ability to produce food for human existence—has begun. The recent G20 governmental meeting in Bali, the UN Agenda 2030 Cop27 meeting in Egypt, the Davos World Economic Forum and Bill Gates are all complicit.

By [Dr. Vladislav B. Sotirović](#), December 27, 2022

They are as well as very different in the terms of their areas of comparative strategic advantage, Therefore, the confrontation between such two different sides is coming to turn on one belligerent side's ability/capacity to force the other side to fight on their own terms and conditions.

["Sometime they'll give a war and nobody will come."](#)

By [Dr. Rudolf Hänsel](#), December 27, 2022

Whether World War I or World War II, whether the Vietnam War or the West's current proxy war against Russia: time and again mothers send their sons to the "field of honour" and afterwards wear a black armband "in proud mourning". Youth dies before it can begin to live.

[Country for Bad Dreams: Vandalism on the Australian Nullarbor Plain](#)

By [Dr. Binoy Kampmark](#), December 27, 2022

Edward John Eyre, the first European to cross the Plain in 1840-1841, [wrote](#) hauntingly of it as "a hideous anomaly, a blot on the face of Nature, the sort of place one gets into bad dreams". In his case, personal circumstances soured the impressions: horses dying of dehydration; a case of mutiny resulting in the killing of his companion John Baxter; the theft of the party's supplies; the slimmest chances of survival.

Why didn't any of these issues concern the DSMB? Was it because there really was no independent DSMB?
