[The COVID “Killer Vaccine”. People Are Dying All Over the World. It’s a Criminal Undertaking](#)

By [Prof Michel Chossudovsky](#), May 18, 2023

Peer reviewed reports confirm the causes of vaccine related deaths and “adverse events” (injuries) including among others blood clots, thrombosis, myocarditis, cardiac arrests.

[Kiev’s Air Defense Capability Threatened](#)

By [Lucas Leiroz de Almeida](#), May 18, 2023

The recent successful Russian attacks against strategic Ukrainian targets made clear the reality that was already reported by many military experts: the Ukrainian air defense is vulnerable. Despite all the Western aid and the incessant delivery of weapons, Kiev seems unable to improve its defense system, continuing to be an easy target for Russia’s incisive combat actions.

[The United States Has Been Destroyed by Its Ruling Elites](#)

By [Dr. Paul Craig Roberts](#) and [GEOFOR](#), May 18, 2023

The Special Counsel’s vindication of Donald Trump and denunciation of the FBI for conducting a politically motivated investigation devoid of any evidence should collapse the equally fraudulent Biden regime investigation of Trump on fake documents charges and the New York state prosecution of Trump on alleged expense misreporting charges.

[Taiwan War Becomes Real Threat and It Scares the G7](#)

By [Karsten Riise](#), May 18, 2023

One big issue is absorbing G7 these days. Possible war on Taiwan. Chief among the points of tension is how far to go in trying to stop a potential Chinese invasion of Taiwan, which could trigger world war and wreck the global economy. The self-governing island, which Beijing claims as its own, provides most of the world's advanced computer chips that are vital to the tech and defense industries.

[The Occupation Is Destroying Israel's Democracy Regardless of What Kind of Spin Is Put on It](#)

By [Prof. Alon Ben-Meir](#), May 18, 2023

It is sad and bewildering, albeit not surprising, how many Israelis completely distort the nature and the ultimate objective of the Israeli occupation of the West Bank. The reactions to my article from April 30, "[An Occupying Power Cannot Be a Beacon of Democracy](#)," by many well-versed individuals, reveal how misguided they are and how comfortable they feel about their distorted views about the occupation, which they have embraced for more than five decades.

[Turkey Elections: West Failed to Depose Erdogan Despite Openly Backing Opposition](#)

By [Ahmed Adel](#), May 18, 2023

Although Recep Tayyip Erdogan's victory in the second round of the presidential election in Turkey is almost assured ahead of the second round of votes, opposition leader Kemal Kilicdaroglu, in case of victory, would alter the country's foreign policy and put the relationship with Russia into a framework that is acceptable to the US.

[Durham Report Indicts FBI for Role in Russiagate Scam But Is Silent About the CIA](#)

By [Jeremy Kuzmarov](#), May 18, 2023

May 15 saw the release of the much-awaited Durham report, which detailed how the FBI initiated what was essentially a phony and heavily politicized investigation into Donald Trump's Russia ties based on "raw, unanalyzed, and uncorroborated intelligence."

[Bombshell Report: Two 9/11 Hijackers Were Recruited by CIA](#)

By [Ben Bartee](#), May 18, 2023

Building 7, also known as the Salomon Brothers building, was not struck by an airplane or any such projectile that day. Nonetheless, it collapsed at free-fall speed neatly into its own footprint. Anyone who's ever seen a controlled demolition will recognize the kinetic pattern.

[The US Should be a Force for Peace in the World](#)

By [Eisenhower Media Network](#), May 18, 2023

The Russia-Ukraine War has been an unmitigated disaster. Hundreds of thousands have been killed or wounded. Millions have been displaced. Environmental and economic destruction have been incalculable. Future devastation could be exponentially greater as nuclear powers creep ever closer toward open war.

By [World Beyond War](#), May 18, 2023

World BEYOND War has launched a new online tool at worldbeyondwar.org/no-bases that allows the user to view a globe pock-marked with 867 U.S. military bases in countries other than the United States, and to zoom in for a satellite view of and detailed information on each base. The tool also allows filtering the map or list of bases by country, government type, opening date, number of personnel, or acres of land occupied.
