[34,000 Pesticides and 600 Chemicals Later: US Food Supply is Suffering](#)

By [Christina Sarich](#), October 19 2015

More than 34,000 pesticides derived from about 600 basic ingredients are currently registered for use in the United States by the EPA. Industrial agriculture (meaning about 75% of all land used in the U.S. to grow food or raise animals) relies on these chemicals to grow food. Where, exactly has this gotten us?
