Dear Readers,

More than ever, Global Research needs your support. Our task as an independent media is to "Battle the Lie".

"Lying" in mainstream journalism has become the "new normal": mainstream journalists are pressured to comply. Some journalists refuse.

Lies, distortions and omissions are part of a multibillion dollar propaganda operation which sustains the "war narrative".

While "Truth" is a powerful instrument, "the Lie" is generously funded by the lobby groups and corporate charities. And that is why we need the support of our readers.

[EU Not Ending Greek Crisis, They End Greece](#)

By [F. William Engdahl](#), July 13, 2018

With great fanfare at the end of June, the 19 EU Eurozone finance ministers announced the end to the eight-year-long Greek debt crisis that brought the entire Euro structure into its deepest crisis to date. The exercise is a deep deception. The EU ministers refused to write off any Greek state debt. Instead they did a destructive interest capitalization of the existing debt, similar to what Washington did to Latin America in the 1980's. What in fact is going on we might justifiably ask.

Meanwhile the U.S. mass shooting epidemic continues and many cities continue to challenge and set new yearly homicide records, as my own city Indianapolis did last year and threatens to repeat in 2018.
