[The Health Plot Against the People of the World](#)

By [Dr. Paul Craig Roberts](#), January 12, 2023

People are unaware that the sovereignty of every country over its health practices is about to be turned over to the World Health Organization, an unaccountable bureaucracy. This is the final nail in our coffin. Once this goes through, we are captured in Bill Gates and Klaus Schwab's net. The WHO alone can declare a pandemic and the protocols.

[Why Is the Associated Press Lying About Gene Therapy Shots?](#)

By [Dr. Joseph Mercola](#), January 12, 2023

While the COVID-19 shots are referred to as "vaccines," they do not meet the classical definition of a vaccine. Health authorities actually had to change the definition to accommodate the COVID shots and shut down the argument that, as experimental gene therapies, they may be riskier than traditional vaccines.

By [Lucas Leiroz de Almeida](#), January 11, 2023

On January 9th, the Wall Street Journal (WSJ) reported that relations between US and South Africa are tense. The reason for the diplomatic instability would be the fact that last month a South African naval base received a Russian cargo ship sanctioned by Washington, with no public information about the contents inside the vessel.

[Protests in Iran](#)

By [Misa Djurkovic](#), January 11, 2023

As is well known, Iran experienced a wave of protests after September 22, when a young woman, Masha Amini, died in the custody of the Iranian moral police. A prominent place among the protesters was occupied by women, especially younger ones, then students and other parts of the urban population. The Western media covered all of this with rhetoric about a spontaneous protest, about the struggle for the emancipation and liberation of women who allegedly live in a servile and humiliating position in Iran, etc. This version from the cartoons or fairytales, of course, also has another side, which unfortunately you cannot hear in the Serbian and western media.

[Turkey and Syria Meeting in Moscow May Result in Peace Plan](#)

By [Steven Sahiounie](#), January 11, 2023

The outcome of that meeting, and the expected follow-up meeting between Turkish President Recep Tayyip Erdogan and Syrian President Bashar al-Assad, may form the basis for the recovery of Syria, circumventing the UN resolution 2254, which has failed to produce results.

By [Kurt Nimmo](#), January 11, 2023

The latest demand by neocons that Russia must be wiped off the map is locked up behind a paywall at the [CIA's favorite newspaper](#), The Washington Post. In order to read what former Secretary of State Condoleezza Rice and former Defense Secretary Robert Gates wrote, I used a browser text reader to bypass the paywall.

Finally! Zachary Stieber at the Epoch Times managed to get the CDC to release the results of its VAERS safety signal monitoring for COVID-19 vaccines, and they paint a very alarming picture (see his reporting and the data files [here](#), or if that is behind a paywall then [here](#)).
