[The High-Speed Bivalent COVID Boosters Are Here](#)

By [Dr. Meryl Nass](#), September 07, 2022

On Wednesday, August 31, the FDA issued emergency use authorizations for new Pfizer and Moderna mRNA booster vaccines for COVID. The next day, September 1, the CDC's advisory committee and CDC Director approved the immediate rollout of the new vaccines. They will be administered in the US starting this week.

[Dunderheaded Diplomacy: Australia's Funding Offer to the Solomon Islands](#)

By [Dr. Binoy Kampmark](#), September 08, 2022

What is it about Australian diplomacy that makes it so clumsy and dunderheaded? Is it the harsh delivery, the tactless expression, or the inability to do things with subtle reflection? On September 6, Australian diplomacy gave another display of such form with Foreign Minister Penny Wong's remarks about the Solomon Islands elections.

[Dutch Farmers Topple Agriculture Minister Leading Radical Climate Agenda](#)

By [Frank Bergman](#), September 08, 2022

The Netherlands' agricultural minister Henk Staghouwer has been forced to resign following widespread protests from Dutch farmers over his radical climate agenda that seeks to destroy their livelihoods. Staghouwer was leading the Dutch agriculture ministry's climate policy that involved confiscating farms in a forced government buy-out scheme.

["The Worldwide Corona Crisis": Review of Michel Chossudovsky's Book](#)

By [Dr. Emanuel Garcia](#), September 07, 2022

The Corona War, as I shall name it, involved casualties: people were injured and people died. Winston Churchill famously said that in wartime “[truth is so precious she should always be attended by a bodyguard of lies](#).” The precious truth in the Corona War, which we all continue to endure, is that it was indeed all founded on a lie.

[Who Is Osama Bin Laden?](#)

By [Prof Michel Chossudovsky](#), September 07, 2022

From the very outset, I questioned the official story, which described nineteen Al Qaeda sponsored hijackers involved in a highly sophisticated and organized operation. Something was not quite right: Al Qaeda was a creation of the CIA. Osama bin Laden had been recruited by the CIA. Yet barely a few hours after the attacks, CIA Director George Tenet was pointing his finger at Al Qaeda.

[Digital Currency Leads Us by the Hand Down the Primrose Path to Slavery](#)

By [Emanuel Pastreich](#), September 07, 2022

The decay of values, the decline of crafts, of art, of literature, and, above all, of intellectual inquiry in the United States leaves us facing a wasteland wherein money is the only sentient beast, demanding due worship by all.

[Nord Stream I Disruption: Europe's Panicking Ahead of the Coming Winter](#)

By [Andrew Korybko](#), September 07, 2022

The absolute last thing that Poland wants right now is for everyone to remember how actively its leadership lobbied for exactly this outcome that's since brought so much hardship to hundreds of millions of people, which is why it's so important right now for activists to prioritize raising awareness of this “politically inconvenient” fact.

[More Thoughts on the International War Crimes Tribunal. The Case of Ukraine](#)

By [Stephen Karganovic](#), September 07, 2022

As we approach the official convening of the International Tribunal for the (are we now allowed to say: Former?) Ukraine, or perhaps initially it will just be a Donetsk/Lugansk

tribunal, we are still largely in the dark about some fundamental issues. Clarity on those issues would be helpful because the convening of this tribunal is a singular opportunity not just for justice to be done but also to be seen by almost the entire world to be done.

[Is Russia Limiting Gas Flows to Europe? Five Gas Pipelines out of Service](#)

By [Swiss Policy Research](#), September 07, 2022

Many people in Europe and beyond seem to believe that Russia, in response to Western sanctions, has been limiting gas flows to Europe. Yet this is not the case, as the following analysis shows.

[Former Greenpeace Founder Patrick Moore Says Climate Change Based on False Narratives](#)

By [Dr. Patrick Moore](#) and [Lee Yun-Jeong](#), September 07, 2022

When asked how Greenpeace utilizes its massive donations, Moore said it was used to pay for “a very large staff” (likely over 2,000), extensive advertisements, and fundraising programs. And virtually all of the organization’s ads for fundraising are based on false narratives, which he had thoroughly disproven in his books, one example being the [polar bears](#).
