

Selected Articles: Is the US Instigating War with Russia?

By [Global Research News](#)

Global Research, June 14, 2017

Amid all the news circulating in the western media on Russian accusations, i.e. being a threat to the American power grid, alleged interference in the 2016 US elections, a well-informed human being can effortlessly describe President Putin's reaction to all these: a victorious smirk.

Does the US have substantive evidence or is Washington relying on "plausible liars"?

Will these accusations galvanize President Putin into formulating a serious response?

Read our selection of articles below to gain perspective.

"When the Democrats, CIA, and media decided to launch their PR campaign against Trump, they didn't realize how inconsequential it would make the United States appear by putting American democracy into Putin's pocket. What were they thinking? They weren't. They were fixated on making sure Trump did not endanger the massive military/security complex budget by restoring normal relations with Russia." Washington's Blog asked Bill Binney, the NSA executive who *created* the agency's mass surveillance program for digital information, who served as the senior technical director

within the agency, who managed six thousand NSA employees, the 36-year NSA veteran widely regarded as a “legend” within the agency and the NSA’s best-ever analyst and code-breaker, who mapped out the Soviet command-and-control structure before anyone else knew how, and so predicted Soviet invasions before they happened (“in the 1970s, he decrypted the Soviet Union’s command system, which provided the US and its allies with real-time surveillance of all Soviet troop movements and Russian atomic weapons”).

[Russia Threatens America’s Power Grid?](#)

By [Stephen Lendman](#), June 13, 2017

In January, WaPo notoriously claimed Russian hackers penetrated America’s power grid, saying a Vermont utility was attacked.

The accusation was exposed as fake news, willful deception. Cybersecurity specialists said the code detected wasn’t Russian. It was an outdated Ukrainian hacking tool.

The *World Socialist Web Site* has repeatedly explained the political issues in the anti-Russian campaign, which represents an effort by the most powerful sections of the military-intelligence apparatus, backed by the Democratic Party and the bulk of the corporate media, to force the Trump White House to adhere to the foreign policy offensive against Moscow embarked on during the second term of the Obama administration, particularly since the 2014 US-backed ultra-right coup in Ukraine.

[According to US Media Vladimir Putin is the “Most Powerful Person in the World” Capable of Choosing the President of the United States](#)

By [Dr. Paul Craig Roberts](#), June 13, 2017

As Trump campaigned on restoring normal relations with Russia, a defeat of the attempt to reduce tensions would reinforce the recent conclusion of the Russian military high command that Washington is planning a first strike nuclear attack on Russia.
