By [Michael Welch](#), [Dimitri Lascaris](#), and [Mahdi Darius Nazemroaya](#), November 05, 2023

President Joe Biden and Prime Minister Justin Trudeau, for all their proclaiming of [upholding science](#), for their respect for [progressive political values](#), still seem to be prepared to support an apparent "religious fanatic" spouting claims from the same book of the Old Testament that proclaimed that the sun stood still in the sky while the forces of the children of Israel pounded the enemy of the day.

[The US Was Never About Freedom and Democracy](#)

By [Jim Miles](#), November 04, 2023

By its own determination the U.S. proclaims itself to be indispensable and exceptional, a mythology applied over the life times of its citizens keeping them ignorant and uninterested in the full global context of military conflicts and the exercise of military power in order to protect the power of corporations and the US\$ to reign supreme over the world.

By [Paul A. Philips](#), November 04, 2023

Many have challenged this climate change crisis claim: It has been said that the human-led climate change crisis is a monumental lie. A deceptive Deep State tool.
