The American military government left Japan in 1952 leaving behind the 1948 peace constitutions intended to prevent Japan from ever rising again as imperial military power. But, the irony of the political fate was such that the U.S. had to ask its hated former mega-enemy to give hand to fight communism.

### [9/11, Osamagate and the “Blowback”. America’s “Just War” Against Afghanistan](#)

By [Prof Michel Chossudovsky](#), September 12, 2022

From the outset, the objective was to use 9/11 as a pretext for launching the first phase of the Middle East Central Asian War, which consisted in the bombing and occupation of Afghanistan.
