[How War Propaganda Keeps on Killing](#)

By [Robert Parry](#), December 08 2016

A key reason why American foreign debacles have been particularly destructive mostly to the countries attacked but also to the United States is that these interventions are always accompanied by major U.S. government investments in propaganda. So, even when officials recognize a misjudgment has been made, the propaganda machinery continues to grind on to prevent a timely reversal.

The UK-based Liberty Campaign expressed it most glumly. “The Government’s new Snoopers’ Charter (also known as the Investigatory Powers Bill) will allow the bulk collection of all our personal information. Who we talk to; what we say; where we are; what we look at online – everything.”

[The Ontario Government's Attack against Palestinian Rights. Condemns BDS Campaign](#)

By [AJ Withers](#), December 08 2016

On December 1st, 2016, the Legislative Assembly of Ontario officially condemned the Boycott, Divestment and Sanctions (BDS) campaign to end Israeli apartheid. Ontario Conservative MPP Gila Martow, who introduced the motion, likened the BDS campaign to the Ku Klux Klan. Both the Liberal and Conservative parties supported the motion; only five New Democrat Party Members voted against it. But, this isn't the first time that Israel's occupation of Palestine has been raised at Queen's Park. A successful campaign against the boycott of Israel won the passage of the *Discriminatory Business Practices Act* in the 1970s making it illegal for businesses to participate in this and many other boycotts. This law is still on Ontario's books.
