[A Multibillion Dollar Question: Is the Canada-US Free Trade Agreement \(FTA\) Still in Effect?](#)

By [David Orchard](#) and [Marjaleena Repo](#), October 10, 2018

The USMCA — which president Trump half playfully, half menacingly called the US Marine Corps Agreement —states in its preamble that it will “replace the 1994 North American free trade agreement.” It is completely silent about the FTA.

[‘With Kavanaugh on the Court, Checking and Balancing Is Not Going to Happen’](#)

By [Prof. Marjorie Cohn](#) and [Janine Jackson](#), October 10, 2018

Keep in mind that international law—insofar as the United States has ratified treaties—or customary international law are part of US law, under the Supremacy Clause of the Constitution, and yet Kavanaugh has [nothing but scorn](#) for international law, *and* he confuses *international law* with *foreign law*.

[Video: The Pentagon's Insect Army](#)

By [Manlio Dinucci](#), October 10, 2018

Swarms of insects, transporting genetically modified infectious viruses, attack the agricultural crops of a country and destroy its food production – this is not a science-fiction scenario, but a plan that is actually being prepared by DARPA, the Pentagon's Defense Advanced Research Projects Agency.

[The Sessional Curse: Universities and the Casual Work Force](#)

By [Dr. Binoy Kampmark](#), October 10, 2018

Universities have become bastions of sessional torment, feeding grounds for despair. The term “sessional” is merely a euphemised way of describing an academic employee who has no ongoing employment other than what is offered, a person ever at the mercy of the subject or course coordinator of a department. They are the toiling poor, the barrel scrapers, the trudged upon and demanded.

[Weather Warfare: Beware the US Military's Experiments with Climatic Warfare](#)

By [Prof Michel Chossudovsky](#), October 10, 2018

Rarely acknowledged in the debate on global climate change, the world's weather can now be modified as part of a new generation of sophisticated electromagnetic weapons. Both the US and Russia have developed capabilities to manipulate the climate for military use.

[Aux Barricades Mes Enfants! The Insanity of US Foreign Policy. The Danger of War](#)

By [Philip Giraldi](#), October 09, 2018

All too often demonstrations morph into progressive exercises in flagellation of what are now referred to as “deplorable” values with little being accomplished either before, during or afterwards, apart from the piles of debris left behind to be cleaned up by the Park Service. And such events are rarely even covered by the media in Washington, where the Post generally adheres closely to a neocon foreign policy tactic, which means that if you ignore something distasteful it will eventually go away.
