By [Seth Hancock](#), December 02, 2021

A U.S. Food and Drug Administration advisory panel on Tuesday voted narrowly to recommend Emergency Use Authorization of Merck’s five-day pill to treat COVID, despite the panel expressing a host of concerns about the drug’s safety and efficacy.

### [Fear... Again and Always Fear. “Prepare Ourselves for a Fourth Wave”](#)

By [Dr. Pascal Sacré](#), December 02, 2021

Since April 2020, our “specialists” have been following in the footsteps of those in power, when they have not preceded them, to warn us, to tell us that it is far from over, to keep the fire under the pan and to keep us in fear of these viruses, which are decidedly tenacious.

### [Brzezinski Brothers Want Biden, NATO to Reprise Father’s Confrontation with Russia over Poland](#)

By [Rick Rozoff](#), December 02, 2021

Many of the measures the author recommends the U.S. and NATO employ against Moscow have already been enacted and others are in the process of being implemented; indeed, they resemble the template he’s using as a current model to a remarkable degree.
