By [Dr. William Makis](#), May 24, 2023

[Visits of Justice: Stella Assange's Plea to Australia](#)

By [Dr. Binoy Kampmark](#), May 24, 2023

The cell Assange occupies is but a mere three by two metres, a situation scandalous in the absence of any conviction, and all the more so for that fact. The cold draft that comes in through the window is nullified, to some extent, by books, something poignant, given his intellectually curious state. In this sense, literature does not merely nourish the mind but literally offers a buttressing shield against the elements.

[The EU Is Over-Invested in the Ukrainian War-Project](#)

By [Alastair Crooke](#), May 24, 2023

The European Union, by any standards, is over-invested in the Ukrainian war-project – and in its romance with Zelensky too. Just earlier this year, the western (and EU) narrative was that the coming post-Winter offensive by Ukraine would ‘break’ Russia and render a ‘coup de grace’ to the war.
