[Pfizer CEO, Who Said Online “Misinformation” Is Criminal, Is Found Guilty of “Misleading” Vaccine Statements](#)

By [Cindy Harper](#), November 29, 2022

Pfizer CEO Albert Bourla, last year at the Atlantic Council, [called people who spread COVID-19 vaccine misinformation “criminals,”](#) in his calls for censorship of misinformation online. However, this year, Dr. Bourla is himself found responsible by the UK’s pharmaceutical regulator of making “misleading” statements about vaccination of children.

[Malaysia: Postpone the Enforcement of the Comprehensive and Progressive Agreement for Trans-Pacific Partnership \(CPTPP\)](#)

By [Dr. Chandra Muzaffar](#), November 29, 2022

Malaysia ratified the Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP) on 30th September 2022. It comes into force on 30th November 2022. One hopes that the new Malaysian government will postpone its enforcement until a thorough cost-benefit analysis of the CPTPP is done and the findings presented to Parliament for debate.

[NATO Running Out of Weapons for Kiev Regime](#)

By [Drago Bosnic](#), November 29, 2022

On November 26, [the New York Times reported](#) that approximately two-thirds of NATO members have effectively run out of weapons by sending them to the Kiev regime. Even the more prominent alliance members with big MICs (Military Industrial Complexes) are having major issues keeping up with the Kiev regime’s demands.

[Corporate Weapons Heaven Is a Hell on Earth. America is the World's "Top Weapons Maker"](#)

By [William D. Hartung](#), November 29, 2022

Here's a seldom commented-upon reality of this century and this moment: the United States remains the number-one arms-exporting nation on the planet. Between 2017 and 2021, it grabbed [39%](#) of the total global weapons market and there's nothing new about that.

[Europe Accuses US of Profiting from War](#)

By [Barbara Moens](#), [Jakob Hanke Vela](#), and [Jacopo Barigazzi](#), November 29, 2022

The explosive comments — backed in public and private by officials, diplomats and ministers elsewhere — follow mounting anger in Europe over American subsidies that threaten to wreck European industry. The Kremlin is likely to welcome the poisoning of the atmosphere among Western allies.

[The Real Environmental Disaster: Toxic 'Forever Chemicals' Everywhere, Even Babies' Umbilical Cords](#)

By [Ben Bartee](#), November 29, 2022

The corporate state assumes for itself the role of environmental savior, ordained by God Himself to wage holy war against "climate change." But it doesn't apparently care too much, strangely, about the ongoing synthetic "forever" chemicals infestation of literally everything, including the food and water, which eventually make their way into even babies' umbilical cords.

[Because 'Publishing Is Not a Crime,' Major Newspapers Push US to Drop Assange Charges](#)

By [Jake Johnson](#), November 29, 2022

The five major media outlets that collaborated with WikiLeaks in 2010 to [publish explosive stories](#) based on confidential diplomatic cables from the U.S. State Department sent a letter Monday calling on the Biden administration to drop all charges against Julian Assange, who has been languishing in a high-security London prison for more than three years in connection with his publication of classified documents.

[Vladimir Putin's Vision of a Multipolar World](#)

By [Philip Giraldi](#), November 29, 2022

In history books as well as in politics every story is shaped by where one chooses to begin the tale. The current fighting in Ukraine, which many observers believe to already be what might be considered the opening phase of World War 3, is just such a development.

[India Role as Balancing Power Increasing Even Amid Deepening Contradictions](#)

By [Uriel Araujo](#), November 29, 2022

On December 1, India will assume the presidency of the G20, which accounts for 80 per cent of the planet's GDP. At its 2009 summit, the G20 declared itself the world's primary venue for international financial and economic cooperation. The grouping has however often been largely seen as a vector for Western power and aspirations.

[E-Waste 101: Everything You Need to Know](#)

By [Linnea Harris](#), November 29, 2022

E-waste is a [growing waste stream](#): the fastest-growing in the world, according to Green Alliance, increasing by 21% between 2014 and 2019. Between 50 and 60 million tons are generated each year, which amounts to about [2-3% of annual global waste](#). While it might seem like an inconsequential percentage, the consequences of runaway e-waste production are extreme.
