[Pfizer Works to Fast-Track More Vaccines for Pregnant Moms, Despite Mounting Evidence Rushed COVID Shots Harmed Babies](#)

By [Children's Health Defense](#), November 10, 2022

Buoyed by the successful global marketing of its COVID-19 vaccines, Pfizer is teeing up to dominate the maternal vaccine market even as OB-GYNs on the front lines of maternal care sound the alarm about the COVID-19 shots' infanticidal fallout.

[More Thoughts on the Stolen 2022 Election](#)

By [Dr. Paul Craig Roberts](#), November 11, 2022

In Maricopa County Arizona it appears that the Democrats' attempt to steal the election is being explained away as a "printer issue." Somehow the machines that worked in the primaries "malfunctioned" in the election.

By [Steven Sahiounie](#), November 11, 2022

The Syrian Arab Army (SAA) and Russian warplanes shelled positions of Hayat Tahrir al-Sham (HTS), the Al Qaeda affiliate in Syria, on November 6 in Idlib province. Some of the terrorists killed were: Abdul Minam Muhati, Radwan Hussain Muhayer, Abu Dawoud al-Filistini, Mohammad Ali al-Kadour, Abu Hussein al-Raddad, Abu Hajat al-Chad, Amro abu Layth al-Askandarani, and Mohammed Suliaman al-Ali.

[Brain Inflammation and the mRNA Vaccines](#)

By [Alex Berenson](#), November 10, 2022

Three large insurance databases showed sharp increases in cases of severe brain inflammation after the Covid mRNA shots, according to a new peer-reviewed [paper](#). People who received the Pfizer jab or booster had a 40 to 70 percent higher chance over the next six weeks of encephalitis or encephalomyelitis. The Moderna jab carried an even higher risk after the second primary dose or a booster.

[Pfizer's COVID Cash Powers a 'Marketing Machine' on the Hunt for New Supernovas](#)

By [Arthur Allen](#), November 10, 2022

The company has reaped nearly \$100 billion from selling covid-19 vaccines and treatments to U.S. taxpayers and foreign governments. With that windfall, it plans to get richer, sinking the cash into developing and marketing potential blockbusters for conditions like migraines, ulcerative colitis, prostate cancer, sickle cell disease, and obesity.

[Department of Defense Driving Mass Vaccination While FDA and Vaccine Companies Are Powerless to Stop It](#)

By [Dr. Peter McCullough](#), November 10, 2022

In this issue of the Report, we have an exclusive interview with Alexandria (Sasha) Latypova, MBA, a former pharmaceutical executive, and independent analyst. Her prior reports on TrialSite News that deaths reported in VAERS after COVID-19 vaccination are not randomly distributed according to manufacturing lots as they are with influenza vaccines. Instead, they are aggregated in specific "hot lots."

[Apple Is Tracking You Even When Its Own Privacy Settings Say It's Not, New Research Says](#)

By [Thomas Germain](#), November 10, 2022

For all of Apple's talk about how private your iPhone is, the company vacuums up a lot of data about you. iPhones do have a privacy setting that is supposed to turn off that tracking. According to a new report by independent researchers, though, Apple collects extremely detailed information on you with its own apps even when you turn off tracking, an apparent direct contradiction of Apple's own description of how the privacy protection works.
