By [Nury Vittachi](#), January 31, 2022

In a stunning and unexpected outburst this week, Ukrainian President Volodymyr Zelensky said that his country's current problems came from the west rather than the east. Pfizer is coming in as a third party. But Pfizer assures the Court it is here to help expedite production of the documents. Sure it is! Where was Pfizer before the Court ordered the 55,000 pages per month? Right, doing what it normally does: letting the government work on its behalf – like the way the government mandates, promotes, and defends Pfizer's product.

Let us be under no illusions, it's not only "experimental", it's a Big Pharma "killer vaccine" which modifies the human genome. The evidence of mortality and morbidity resulting from vaccine inoculation both present (official data) and future (e.g. undetected microscopic blood clots) is overwhelming.

By [Global Research](#), January 29, 2022

The issue is not what Trudeau is saying but what he is doing as a duly elected Prime Minister of Canada's parliamentary democracy.
