[A Merry AUKUS Surprise, Western Australia!](#)

By [Dr. Binoy Kampmark](#), December 21, 2023

The secretive Australian government just cannot help itself. Clamouring and hectoring of other countries and their secret arrangements (who can forget the criticism of the Solomon Islands over its security pact with China for that reason?) the Albanese government is a bit too keen on keeping a lid on things regarding the withering away of Australian independence before a powerful and spoiling friend.

With over 500 attacks so far, Hezbollah is inflicting serious damage on Israel – all the time.

[Latest China-EU Summit Exposes Brussels' Complete Lack of Sovereignty. EU Foreign Policy Controlled by Washington](#)

By [Drago Bosnic](#), December 20, 2023

Earlier this month, China and the European Union concluded a bilateral summit, the first one since 2019. One usually wouldn't expect that four years could change much, but that was precisely the case during the recent meeting. While the previous summit was largely focused on questions of economic cooperation and calls for the improvement of overall relations, this one was much more (geo)political, with the [EU reiterating a near-carbon copy of American talking points](#).

["Victory Over Russia Is Impossible": Zelensky Can't Eschew Responsibility for Rising Public Anger at Ukraine's Conscription Crisis](#)

By [Andrew Korybko](#), December 20, 2023

Zaluzhny knows better than anyone else in Ukraine that his side's envisaged maximum victory over Russia is impossible, but it's still being sought in spite of that because it's ultimately Zelensky's decision whether or not to continue the conflict. His order to fortify the entire front instead of resuming peace talks with Russia per reported Western pressure and unilaterally complying with its requested security concessions in defiance of his patrons is why more conscription is needed.

By [John W. Whitehead](#) and [Nisha Whitehead](#), December 20, 2023

What if, instead of being born into the Roman police state, Jesus had been born at this moment in time? What kind of reception would Jesus and his family be given? Would we recognize the Christ child's humanity, let alone his divinity? Would we treat him any differently than he was treated by the Roman Empire?

["Facing the Beast: Courage, Faith, and Resistance in a New Dark Age." New Book by Naomi Wolf](#)

By [Dr. Naomi Wolf](#), December 20, 2023

"Before" the years 2020 to 2022, when a set of policies based on abject lies posed an existential threat to our democracy and our way of life. "Before" this likely AI-deployed set of lies, dispensed globally, targeted our West with its core traditions of free speech—and in the US, with its First Amendment—with arrant censorship.

[Propaganda Roundup: Hillary Claims Climate Change™ Targets Pregnant Women](#)

By [Ben Bartee](#), December 20, 2023

At any rate, transhumanist technocrats should love Climate Change™, in such a case that it targets pregnant women, because they hate legacy fronthole women getting pregnant anyway. Human reproduction the old-fashioned way — as in, not in a lab — viscerally repulses them.
