[The FBI's Conspiracy Theory of a Trump/Putin Collusion Has No Clothes](#)

By [Dr. Paul Craig Roberts](#), March 23 2017

Unable to provide an ounce of evidence that a Trump/Putin conspiracy stole the presidential election from Hillary Clinton, the corrupt US "intelligence" agencies are shifting their focus to social media and to Internet sites such as Alex Jones and Breitbart. Little doubt the FBI investigation will trickle down to Glenn Greenwald at The Intercept, Zero Hedge, the Ron Paul Institute, Nomi Prins, Naked Capitalism, Lew Rockwell, Global Research, antiwar.com, and to others on the PropOrNot, Harvard Library, and Le Monde lists, such as top Reagan administration officials David Stockman and myself. It is extraordinary that the FBI is so desperate to protect the budget of the military/security complex that it brings such embarrassment to itself. Who in the future will believe any FBI report or anything a FBI official says?

["There Is No American Deep State... It Just Looks Like There Is"](#)

By [Kit](#), March 23 2017

Last week the New Yorker, and yesterday Salon magazine, published editorials arguing against the very existence of an "American Deep State". The arguments presented are very...interesting. Both are, perhaps, classic cases of protesting too much.
